# Cricket Static Free Tunnel Hair Brush Instruction Manual

Model: 4591

## INTRODUCTION

The Cricket Static Free Tunnel Hair Brush is engineered for efficient and comfortable hair styling. Its unique design aims to reduce static, accelerate drying time, and provide maximum control for various hair types and styles. This manual provides essential information for optimal use and care of your brush.

## PRODUCT FEATURES

- **Ultra-Lightweight Design:** Facilitates easy handling and reduces fatigue during styling.
- **Vented, Arch-Shaped Head:** Features a hollow, arch-shaped brush head with a vent pattern to maximize airflow, significantly reducing blow-drying time.
- **Static-Free Nylon Bristles:** Specifically designed to eliminate static electricity, preventing flyaway hair and promoting a smooth finish.
- **Non-Snag Bristles with Reinforced Ball Tips:** Ensures smooth gliding through hair, minimizing snagging and breakage.
- **Non-Slip Handle Grip:** Provides enhanced control and comfort during use.
- **Flared Bristle Pattern:** Aids in shaping, styling, and adding volume to hair.

## STATIC FREE™ TUNNEL

Brush properties help eliminate fly aways and assist in removing static from hair

Tunnel shaped vent helps create amazing style and body, while maximizing airflow and accelerating the hair drying time

Non-snag bristles with reinforced “stay-put” ball tips perfect for all day styling

## USAGE INSTRUCTIONS

### General Styling

1. Ensure hair is damp or towel-dried for best results, especially when blow-drying.
2. For detangling, gently brush through sections of hair, starting from the ends and working your way up to the roots.
3. To add volume, lift sections of hair at the root with the brush while directing warm air from a blow dryer.
4. For smooth styling, pull sections of hair taut with the brush and follow with a blow dryer, moving from roots to ends.

### Blow-Drying with the Tunnel Brush

The vented design of the Cricket Static Free Tunnel Brush is optimized for faster blow-drying. The arch-shaped head allows air to circulate freely, reducing drying time and helping to create lift and body.

vented design for faster drying and static reduction.

## MAINTENANCE

- Regular Cleaning:** Remove loose hair from the bristles after each use to maintain hygiene and brush effectiveness.
- Deep Cleaning:** Periodically wash the brush with mild soap and lukewarm water. Gently scrub the bristles to remove product buildup.
- Drying:** Allow the brush to air dry completely with the bristles facing down to prevent water from accumulating in the cushion.
- Storage:** Store the brush in a clean, dry place away from direct sunlight or excessive heat.

## TROUBLESHOOTING

- Excessive Static:** While the brush is designed to be static-free, environmental factors can sometimes contribute to static. Ensure your hair is adequately moisturized. If static persists, consider using a leave-in conditioner or anti-static spray.
- Hair Snagging:** If hair snags, ensure you are brushing in small, manageable sections. Check for any damaged bristles and replace the brush if necessary.
- Reduced Airflow:** If you notice reduced airflow during blow-drying, clean any accumulated hair or debris from the vents in the brush head.

## SPECIFICATIONS

Product Dimensions	1.5 x 2.3 x 8.8 inches
Item Weight	0.64 ounces
Model Number	4591
Brand	Cricket
Color	Black
Bristle Material	Nylon, Anti-Static
Handle Material	Plastic
UPC	882286971553, 672555118402
