## 1. INTRODUCTION

The Leifheit Rollfix 210 Longline is a wall-mounted clothes dryer designed for efficient laundry drying in compact spaces such as balconies or bathrooms. It features five extendable polyester lines, providing a total drying length of 21 meters. The unit includes a re-tensioning and retraction mechanism to ensure lines remain taut and can be neatly stored when not in use.

## 2. SPECIFICATIONS

<b>Model Number:</b>	83040
<b>Brand:</b>	Leifheit
<b>Material:</b>	Steel, PVC, ABS resin
<b>Product Dimensions (Extended):</b>	7.44"D x 65.1"W x 1.24"H (approx. 19 x 165 x 3 cm)
<b>Product Dimensions (Folded):</b>	19.3" x 3.0" x 3.0" (approx. 49 x 8 x 7.5 cm)
<b>Drying Length:</b>	21 meters (approx. 68.9 feet)
<b>Number of Lines:</b>	5
<b>Mounting Type:</b>	Wall Mount
<b>Item Weight:</b>	0.5 Kilograms (1.1 pounds)
<b>Weight Limit:</b>	21 Kilograms
<b>Country of Origin:</b>	Czech Republic

### 3. SETUP & INSTALLATION

---

The Leifheit Rollfix 210 Longline is designed for wall mounting. Installation materials are included with the product. For optimal stability and safety, ensure the unit is securely mounted to a sturdy wall surface, preferably into wall studs if possible. Refer to the detailed installation guide provided in the product packaging for specific instructions and recommended tools.

### 4. OPERATING INSTRUCTIONS

---

#### 4.1 Extending the Lines

1. Gently pull the line strip from the main unit.
2. Extend the lines to the desired length, up to 4.20 meters per line.
3. Secure the line strip by attaching the two hooks on the opposite wall.
4. To ensure the lines are taut and prevent sagging, use the control knob for re-tensioning.

## 4.2 Retracting the Lines

1. Remove the line strip from the hooks on the opposite wall.
2. The automatic retraction mechanism will pull the lines back into the main unit, storing them neatly and compactly.

## 4.3 Drying Clothes

- Hang clothes directly over the five lines.
- Alternatively, lay delicate items flat across the lines for air drying.
- For items that require hanging on hangers, the design allows for staggering hangers to maximize drying space and airflow.

## 5. MAINTENANCE

---

- **Cleaning:** Wipe the unit and lines with a damp cloth and mild detergent as needed. Avoid abrasive cleaners.
- **Inspection:** Periodically check the lines for any signs of wear or damage. Ensure the mounting hardware remains secure.
- **Storage:** When not in use, retract the lines into the unit to protect them from dust and prolong their lifespan.

## 6. TROUBLESHOOTING

---

- **Lines not retracting fully:** Check for any obstructions or tangles in the lines. Ensure the retraction mechanism is clean.
- **Lines sagging:** Use the control knob to re-tension the lines for optimal tautness. Ensure the hooks on the opposite wall are securely fastened.
- **Unit feels loose on wall:** Re-check the mounting hardware and tighten any loose screws. If necessary, re-install the unit ensuring it is anchored into studs or appropriate wall anchors.

## 7. WARRANTY & SUPPORT

---

For warranty information or product support, please refer to the documentation included with your purchase or visit the official Leifheit website. Keep your proof of purchase for any warranty claims.
