Stanton DJ PRO 1000 MK II S

Stanton DJ Pro 1000 MKIIS Headphones

Model: DJ PRO 1000 MK II S

INTRODUCTION

The Stanton DJ Pro 1000 MKIIS Headphones are designed for professional DJ use, offering a balance of lightweight comfort and accurate wide-frequency sound reproduction. These headphones feature high-efficiency, heavy-duty drivers for deep bass and a removable cord for convenience and easy replacement.

Image: Stanton DJ Pro 1000 MKIIS Headphones. This image displays the headphones with their over-ear cups and the coiled, detachable cable.

SETUP

1. **Unpack Components:** Carefully remove the headphones and the included cable from the packaging.
2. **Connect the Cable:** The DJ Pro 1000 MKIIS features a removable cable. Locate the input jack on one of the earcups and firmly insert the 3.5mm audio cable connector. Ensure it is fully seated to prevent audio interruptions.
3. **Connect to Audio Source:** Plug the other end of the 3.5mm audio cable into your DJ equipment, laptop, desktop computer, or smartphone.
4. **Adjust for Comfort:** Extend or retract the headband to fit your head comfortably. The earcups are designed for an over-ear fit.

OPERATING INSTRUCTIONS

- **Wearing the Headphones:** Place the headphones over your ears, ensuring the earcups fully enclose your ears for optimal sound isolation and comfort. Adjust the headband for a secure yet comfortable fit.
- **Volume Control:** Adjust the audio volume using the controls on your connected audio source (DJ mixer, computer, smartphone). The headphones may feature a remote control method, but specific details are dependent on the connected device's compatibility.
- **Monitoring Audio:** These headphones are designed for accurate audio monitoring. Ensure your audio source is playing and adjust volume to a safe listening level.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe down the plastic surfaces of the headphones. For earcups, gently wipe with a slightly damp cloth and allow to air dry completely before use. Avoid harsh chemicals or abrasive cleaners.
- **Cable Care:** The removable cable is designed for durability. Avoid sharp bends or excessive pulling. If the cable becomes damaged, a replacement can be obtained.
- **Storage:** When not in use, store the headphones in a clean, dry place away from extreme temperatures and direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or intermittent audio	<ul style="list-style-type: none"> • Cable not fully connected • Incorrect audio source selection • Low volume on source device • Damaged cable 	<ul style="list-style-type: none"> • Ensure both ends of the audio cable are securely plugged in. • Verify the correct audio output is selected on your device. • Increase the volume on your audio source. • Replace the audio cable if damaged.
Poor sound quality (distortion, low bass)	<ul style="list-style-type: none"> • Loose cable connection • Audio source issues • Earcups not properly sealed 	<ul style="list-style-type: none"> • Check cable connections. • Test with a different audio source or device. • Adjust headphones for a snug fit over your ears.
Discomfort during use	<ul style="list-style-type: none"> • Improper headband adjustment • Prolonged use 	<ul style="list-style-type: none"> • Adjust the headband to relieve pressure. • Take breaks during extended listening sessions.
