SAFETY INFORMATION

Adherence to the following safety guidelines is crucial for preventing injury and damage to the product:

- **Weight Capacity:** Do not exceed the maximum recommended weight of 50 pounds per table. Overloading can cause structural failure and potential injury. Refer to the specifications diagram for individual table capacities.
- **Stability:** Ensure tables are placed on a flat, stable surface. Avoid placing heavy items on the edges of the tables to prevent tipping.
- **Assembly:** Follow all assembly instructions carefully. Ensure all fasteners are securely tightened before use. Periodically check and retighten fasteners as needed.
- **Children:** Keep small parts and packaging materials away from children during assembly. Do not allow children to climb on or play with the tables.

- **Indoor Use Only:** These tables are designed for indoor use. Exposure to outdoor elements can damage the wood and finish.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Large Nesting Table Top (1)
- Medium Nesting Table Top (1)
- Small Nesting Table Top (1)
- Table Legs (12 total, 4 for each table)
- Assembly Hardware (Bolts, Washers, Allen Wrench)

SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended that two people assist with assembly to ensure stability and ease of construction. All necessary tools are included.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Identify Parts:** Separate the table tops and legs by size (large, medium, small). Each table top will have pre-drilled holes for leg attachment.
3. **Attach Legs:** For each table, align the four legs with the pre-drilled holes on the underside of the table top. Insert the provided bolts with washers through the holes and into the legs.
4. **Tighten Fasteners:** Using the included Allen wrench, gradually tighten all bolts. Do not overtighten, as this can damage the wood. Ensure all legs are firmly attached and the table is stable.
5. **Repeat for all tables:** Follow the same steps for the medium and small tables.
6. **Final Check:** Once all tables are assembled, gently test their stability. If any table wobbles, check that all bolts are evenly tightened.

OPERATING AND USAGE

The Winsome Regalia Nesting Accent Tables offer versatile functionality:

- **Nesting Function:** The tables are designed to nest neatly within each other, allowing for efficient space saving when not in use. The small table fits under the medium, and the medium fits under the large.
- **Individual Use:** Each table can be used independently as an accent table, side table, or end table in various rooms.
- **Arrangement:** Arrange the tables together in a stepped formation for a dynamic display or spread them out to provide multiple surfaces for guests.

MAINTENANCE

Proper care will extend the life and preserve the appearance of your nesting tables:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the walnut finish.
- **Spills:** Wipe up spills immediately to prevent staining. The tables are not stain resistant.
- **Heat and Moisture:** Avoid placing hot items directly on the table surface. Use coasters under beverages to prevent water rings and heat damage.
- **Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the wood finish.
- **Fasteners:** Periodically check and tighten all assembly bolts to ensure the tables remain stable.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table wobbles after assembly.	Legs are not evenly tightened or table is on an uneven surface.	Ensure all bolts are tightened securely and evenly. Move the table to a level surface.
Scratches or minor damage to the finish.	Normal wear and tear or accidental impact.	Use a wood repair marker or furniture polish designed for walnut finishes.
Difficulty nesting tables.	Incorrect order or obstruction.	Ensure tables are nested in descending size order (small into medium, medium into large). Check for any items obstructing the nesting path.
