Ascorbic Acid (Vitamin C) (min): 17,000 mg/kg

3. USAGE INSTRUCTIONS

This supplement is designed for easy administration to your pet bird. It can be mixed with drinking water or sprinkled over food.

Preparation:

1. Locate the small measuring scoop provided inside the product container.

Image 3.1: A small scoop containing the Quiko Multivitamin powder, used for accurate measurement.

2. For medium-sized birds, a general guideline is to use approximately 1 to 1.5 scoops of the powder per 3 ounces of water or food. Adjust dosage based on bird size and specific needs. Consult a veterinarian if unsure about appropriate dosage for your specific bird species or health condition.

Administration Methods:

- **With Drinking Water:** Dissolve the recommended amount of powder into approximately 3 ounces of fresh drinking water. Ensure the powder is fully dissolved before offering it to your bird. The water may change color to yellow, indicating the supplement is present.
- **With Food:** Sprinkle the recommended amount of powder directly onto your bird's regular food or mix it thoroughly with egg food.

Always provide fresh water daily, whether supplemented or not. Ensure your bird consumes the supplemented water or food within a reasonable timeframe to maintain potency.

4. PRECAUTIONS AND SAFETY INFORMATION

- Keep this product and all vitamin preparations out of the reach of children and other household pets.
- Use only as directed for pet birds.
- This product is not for human consumption.
- Always close the cap tightly after each use to maintain freshness and prevent hardening.

5. STORAGE AND MAINTENANCE

To ensure the longevity and effectiveness of your Quiko Multivitamin Daily Balance Supplement, follow these storage guidelines:

- Store in a cool, dry place, away from direct sunlight and moisture.
- Ensure the cap is tightly sealed after every use.
- Avoid extreme temperatures.

Proper storage helps prevent the powder from hardening and preserves its vitamin and mineral content.
