Leifheit Picobello S Micro Duo Mop Pad Instruction Manual

Model: S256610

1. PRODUCT OVERVIEW

The Leifheit Picobello S Micro Duo Mop Pad (Model S256610) is a high-quality replacement pad designed for the Leifheit Picobello S mop system. This microfiber pad features a unique dual-fiber technology with slightly protruding special bristles, making it ideal for thorough cleaning of all smooth floor types, including tiles, parquet, and laminate. Its absorbent properties ensure efficient dirt and water pickup.

2. SETUP AND INSTALLATION

To ensure optimal performance, correctly attach the Micro Duo mop pad to your Leifheit Picobello S mop.

1. **Prepare the Mop Head:** Ensure your Leifheit Picobello S mop head is clean and free from debris.
2. **Align the Pad:** Position the Micro Duo mop pad onto the mop head, aligning the attachment points.
3. **Secure the Pad:** Press the mop head firmly onto the pad until it is securely fastened. The pad is designed for easy on/off attachment.

Image 2: Attaching the Mop Pad. This illustration demonstrates the process of securing the Micro Duo mop pad to the Leifheit Picobello S mop head, showing the 'Easy On/Off' mechanism.

3. OPERATING INSTRUCTIONS

The Leifheit Picobello S Micro Duo mop pad is designed for efficient wet cleaning of various smooth floor surfaces.

1. **Prepare Cleaning Solution:** Fill a bucket with water and your preferred floor cleaning solution. For optimal results, consider using Leifheit brand cleaning solutions suitable for your floor type.
2. **Wet the Pad:** Dip the mop pad into the cleaning solution.
3. **Wring Out Excess Water:** Use the integrated wringing mechanism of your Picobello S mop to remove excess water from the pad. This ensures the pad is damp, not soaking wet, which is crucial for streak-free cleaning and protecting sensitive floors like parquet.
4. **Mop the Floor:** Glide the mop across the floor surface in overlapping strokes. The Micro Duo fibers effectively pick up dirt and grime. The flexible mop head allows for easy cleaning under furniture and in corners.
5. **Rinse and Repeat:** Periodically rinse the mop pad in the cleaning solution and wring it out as needed to maintain cleaning effectiveness.

Image 3: Mop in Action. This image shows the Leifheit Picobello S mop with the Micro Duo pad cleaning a floor, demonstrating its ability to reach under furniture for comprehensive cleaning.

Image 4: Leifheit Cleaning Solutions. This image displays two bottles of Leifheit cleaning solutions, one for parquet/laminate and one for general power cleaning, suggesting compatible products for use with the mop pad.

4. MAINTENANCE

Proper maintenance extends the life of your Leifheit Picobello S Micro Duo mop pad and ensures continued cleaning effectiveness.

- **Machine Washable:** The mop pad is machine washable. Wash at a maximum temperature of 40°C (104°F).
- **Detergent:** Use a standard laundry detergent. Avoid using fabric softeners, as they can reduce the microfiber's absorbency.
- **Drying:** Air dry the mop pad. Do not tumble dry or iron.
- **Storage:** Store the clean, dry mop pad in a clean, dry place.

Image 5: Mop Pad Ready for Washing. This image shows the mop pad placed in a laundry basket, with a 'Wash Before Use 40°' icon, indicating its machine washable nature.

5. TROUBLESHOOTING

If you encounter issues with your mop pad, consider the following:

- **Pad Detaching During Use:** Ensure the pad is securely attached to the mop head. Press firmly until you hear or feel it click into place. Check for any debris on the mop head or pad attachment points that might prevent a secure fit.
- **Poor Cleaning Performance:** The pad may be saturated with dirt or cleaning solution. Rinse and wring the pad thoroughly. If the pad is old or worn, its cleaning effectiveness may decrease, and replacement might be necessary.
- **Streaks on Floor:** Too much water or cleaning solution can cause streaks. Ensure the pad is properly wrung out before mopping. Using too much detergent or an unsuitable cleaning solution can also lead to streaks.

6. SPECIFICATIONS

Feature	Detail
Model Name	Ersatzbezug Piccobello
Model Number	S256610
Product Dimensions	27L x 10W x 1D cm (approx. 27 x 10 x 1 cm)
Material	Microfiber (75% polyester, 25% polyamide)
Color	Turquoise-White
