Leifheit 72706

Leifheit Laundry Dryer Star 21 m User Manual

Model: 72706

PRODUCT OVERVIEW

The Leifheit Laundry Dryer Star 21 m is a versatile and efficient solution for drying laundry. It offers a substantial 21 meters (68 feet) of drying space, making it suitable for a wide range of items, including large and long laundry such as bed linen, trousers, and bath towels, ensuring they do not touch the floor.

Key features include:

- Total drying length of 21 meters (68 feet).
- Height of 1.50 meters, ideal for long items.
- Removable upper part for flexible use.
- Quick and easy assembly and folding.
- Automatic locking mechanism for stability when loaded.

SETUP AND ASSEMBLY

The Leifheit Laundry Dryer Star 21 m requires no complex assembly. It is designed for quick and easy setup and folding

for storage.

1. **Unfolding the Dryer:** Carefully remove the dryer from its packaging. Identify the main support legs and the folding mechanism. Gently pull the legs outwards until the dryer fully extends and the automatic locking mechanism engages. Ensure all support points are stable on the ground.
2. **Securing the Upper Part:** If the upper drying rack is detached or needs adjustment, ensure it is securely placed onto the main frame. The design allows for easy placement and removal of this section.
3. **Checking Stability:** Before loading laundry, gently shake the dryer to confirm it is stable and the automatic locking mechanism has fully engaged. The dryer is designed to be sturdy even when fully loaded.

OPERATING INSTRUCTIONS

Using your Leifheit Laundry Dryer Star 21 m is straightforward:

1. **Placement:** Position the dryer in a well-ventilated area, either indoors or outdoors, away from direct heat sources or open flames.

2. **Loading Laundry:** Distribute laundry evenly across the 21 meters of drying lines. Utilize the full height of the dryer (1.50 m) for longer items like trousers, bed sheets, or bath towels to prevent them from touching the ground. The upper part offers ample space for more than two loads of laundry.
3. **Drying Time:** Drying time will vary depending on humidity, temperature, and the type of fabric. Ensure adequate air circulation for optimal drying.
4. **Unloading:** Once laundry is dry, remove items from the lines.

To ensure the longevity and optimal performance of your Leifheit Laundry Dryer Star 21 m, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the frame and lines with a damp cloth as needed to remove dust or dirt. Avoid using abrasive cleaners or harsh chemicals.
- **Storage:** When not in use, the dryer can be easily folded and stored in a corner or closet, saving space. Ensure it is dry before folding for storage to prevent mildew.
- **Dishwasher Compatibility:** This product is **not** dishwasher compatible. Do not attempt to clean it in a dishwasher.
- **Inspection:** Periodically check the drying lines and frame for any signs of wear or damage.

TROUBLESHOOTING

While the Leifheit Laundry Dryer Star 21 m is designed for reliability, here are some common points to check if you encounter issues:

- **Dryer feels unstable:** Ensure the legs are fully extended and the automatic locking mechanism is engaged. The dryer is designed to be sturdy when properly set up. Check that it is placed on a flat, even surface.
- **Difficulty folding/unfolding:** Check for any obstructions or debris in the folding joints. Apply gentle, even pressure when folding or unfolding. Do not force the mechanism.
- **Laundry not drying efficiently:** Ensure the dryer is placed in a well-ventilated area. Avoid overcrowding the lines; distribute laundry evenly to allow for air circulation.

SPECIFICATIONS

Attribute	Detail
Brand	Leifheit
Model Number	72706
Size (Drying Length)	21 meters (68 feet)
Product Dimensions	4.72 x 4.72 x 65.35 inches (folded)
