

## TOMY Data Carrier Battle Tower Pokemon Stadium

# TOMY Data Carrier Battle Tower Pokemon Stadium Instruction Manual

Model: Data Carrier Battle Tower Pokemon Stadium

Brand: TOMY

## 1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your TOMY Data Carrier Battle Tower Pokemon Stadium. Please read this manual thoroughly before operating the device and retain it for future reference. This product is an interactive electronic battle game designed for two players, simulating Pokémon battles.

## 2. PRODUCT OVERVIEW

The TOMY Data Carrier Battle Tower Pokemon Stadium is an electronic battle arena. It features two player stations, a central battle area, and a display screen for battle information. The unit is designed to host interactive battles between Pokémon figures.

*Image: The TOMY Data Carrier Battle Tower Pokemon Stadium unit. It features a white hexagonal base with blue and green accents, a central Poké Ball design, and two player control panels labeled "1P PLAYER" and "2P PLAYER" with red triangular buttons. Two Pokémon figures, an orange Deoxys-like figure on a blue energy effect and a green Rayquaza-like figure on a white cloud effect, are positioned on elevated platforms. A small screen is visible on the blue background structure at the rear.*

### 3. SETUP

#### 1. Battery Installation:

- Locate the battery compartment on the underside of the unit.
- Using a screwdriver, open the battery compartment cover.
- Insert the required batteries (refer to Specifications for type and quantity), ensuring correct polarity (+/-).
- Replace the battery compartment cover and secure it with the screw.

2. **Placement:** Place the Battle Tower on a stable, flat surface.

3. **Power On:** Locate the power switch, typically on the side or rear of the unit, and switch it to the "ON" position.

### 4. OPERATING INSTRUCTIONS

#### 1. Starting a Battle:

- Ensure the unit is powered on.
- Place your chosen Pokémon figures onto the designated battle platforms.
- Press the "START" button (if available) or follow on-screen prompts to begin a battle.

#### 2. Player Controls:

- Each player uses their respective control panel (labeled "1P PLAYER" and "2P PLAYER").
- Utilize the triangular buttons to select actions, attacks, or navigate menus as displayed on the screen.
- The specific functions of buttons may vary based on the game mode selected.

#### 3. Data Carrier Functionality:

- The "Data Carrier" aspect refers to the unit's ability to interact with specific Pokémon figures or accessories that contain data.
- Place compatible data-enabled figures or cards onto the designated scanning area (if applicable) to register them for battle.
- Follow on-screen instructions for data transfer and battle integration.

## 5. MAINTENANCE

- **Cleaning:**
  - Wipe the unit with a soft, dry cloth.
  - Do not use abrasive cleaners or solvents, as these may damage the surface.
  - Avoid getting moisture into electronic components.
- **Battery Care:**
  - Remove batteries if the unit will not be used for an extended period to prevent leakage.
  - Dispose of used batteries responsibly according to local regulations.

## 6. TROUBLESHOOTING

### Unit does not power on:

- Check if batteries are correctly installed with proper polarity.
- Replace old batteries with new ones.
- Ensure the power switch is in the "ON" position.

### Figures are not recognized:

- Ensure figures are placed correctly on their designated platforms.
- Verify that the figures are compatible with the Data Carrier system.
- Clean the contact points on the figures and the unit, if applicable.
