"How to Dismantle An Atomic Bomb" is the eleventh studio album by the Irish rock band U2, released in 2004. This Audio CD contains the full album, featuring tracks such as "Vertigo" and "City of Blinding Lights."

SETUP AND PLAYBACK

To enjoy your Audio CD, follow these steps:

- 1. Unpack the CD:** Carefully remove the Audio CD from its packaging. Avoid touching the playing surface of the disc.
- 2. Insert into Player:** Open the disc tray or slot of your compatible CD player, car stereo, or computer's optical drive. Insert the CD with the label side facing up.
- 3. Close Tray/Slot:** Close the disc tray or allow the player to draw the disc in.
- 4. Power On:** Ensure your audio system is powered on and connected to speakers or headphones.
- 5. Select Source:** Select the CD/Disc input source on your audio system.
- 6. Begin Playback:** The CD should begin playing automatically. If not, press the "Play" button on your player or remote control.
- 7. Track Navigation:** Use the "Next Track" or "Previous Track" buttons to skip between songs. Use the "Pause" or "Stop" buttons to control playback.

TRACK LISTING

The album features the following tracks:

1. Vertigo
2. Miracle Drug
3. Sometimes You Can't Make It on Your Own
4. Love and Peace or Else
5. City of Blinding Lights
6. All Because of You
7. A Man and a Woman
8. Crumbs from Your Table
9. One Step Closer
10. Original of the Species
11. Yahweh

CARE AND MAINTENANCE

Proper care will extend the life of your Audio CD and ensure consistent playback quality:

- **Handling:** Always hold the CD by its edges or by placing a finger through the center hole. Avoid touching the shiny playing surface.
- **Cleaning:** If the disc becomes dirty, gently wipe it with a soft, lint-free cloth in a straight line from the center to the outer edge. Do not wipe in a circular motion. Use a specialized CD cleaning solution if necessary, applied to the cloth, not directly to the disc.
- **Storage:** Store the CD in its original jewel case or a protective sleeve when not in use. Keep discs away from direct sunlight, extreme temperatures, and high humidity.
- **Avoid Scratches:** Do not place the CD on rough surfaces or allow it to come into contact with abrasive materials.

TROUBLESHOOTING

If you encounter issues during playback, consider the following common solutions:

- **Disc Skipping or Freezing:**
 - Check the disc for visible scratches or smudges. Clean the disc as described in the "Care and Maintenance" section.
 - Ensure the CD player is on a stable, level surface to prevent vibrations.
 - Try playing another CD to determine if the issue is with the disc or the player.
- **Disc Not Playing:**
 - Verify the disc is inserted correctly (label side up).
 - Ensure the CD player is powered on and the correct input source is selected.
 - Clean the disc.
 - If using a computer, ensure the optical drive drivers are up to date.
- **No Sound:**
 - Check the volume level on your audio system and ensure it is not muted.

- Verify that speakers or headphones are properly connected.
- Ensure the correct audio output is selected on your device.

If problems persist, consult your CD player's instruction manual or contact the manufacturer of your playback device.
