SEGA 67004

SEGA Casino - Nintendo DS Instruction Manual

Model: 67004

1. Introduction

Welcome to SEGA Casino for the Nintendo DS. This manual provides essential information for setting up, playing, and maintaining your game.
SEGA Casino offers a comprehensive casino experience with a variety of classic and modern gambling games. The game features five initial casino games and six additional unlockable games, allowing players to engage in Roulette, Craps, Baccarat, Blackjack, Texas Hold 'em, and more. Utilize both the Nintendo DS touch screen and control pad for intuitive gameplay.

2. Setup

2.1 Inserting the Game Card

1. Ensure your Nintendo DS system is powered off.
2. Locate the game card slot on your Nintendo DS system.
3. Insert the SEGA Casino game card into the slot until it clicks into place.
4. Power on your Nintendo DS system. The game icon should appear on the touch screen.
5. Tap the SEGA Casino icon to start the game.

2.2 Compatible Systems

SEGA Casino is compatible with the following Nintendo DS family systems:

- Nintendo DS
- Nintendo DS Lite
- Nintendo DSi
- Nintendo DSi XL

3. Operating Instructions (Gameplay)

3.1 Game Modes

- **Free Mode:** Play any available game without financial pressure.

- **Wireless Multiplayer:** Challenge friends in supported card games like Blackjack, Texas Hold 'em, and 7 Card Poker. Up to five players can participate.
- **Casino Challenge Mode:** Begin with a starting bankroll and aim to increase your winnings significantly by playing various casino games.

3.2 Available Games

SEGA Casino features a diverse selection of casino games.

Initial Games:

- **Roulette:** Place bets on numbers, colors, or groups of numbers.
- **Craps:** Bet on the outcome of dice rolls.
- **Baccarat:** A card game where players bet on the outcome of a hand between the 'player' and 'banker'.
- **Blackjack:** Aim to get a hand total closer to 21 than the dealer without exceeding 21.
- **Texas Hold 'em:** A popular poker variant where players try to make the best five-card hand using two private cards and five community cards.

Unlockable Games:

Additional games can be unlocked by achieving certain milestones or earning a specific amount of chips in Casino Challenge Mode. These include:

- **Chuck-a-Luck:** A game of chance played with three dice.
- **Keno:** A lottery-like game where players choose numbers and hope they match those drawn.
- **Video Poker Variants:**
  - Jacks or Better
  - Double Bonus
  - Deuces Wild
- **7 Card Poker:** A stud poker variant where players are dealt seven cards and must make the best five-card hand.

3.3 Controls

The game utilizes both the Nintendo DS touch screen and the physical control pad for navigation and gameplay.

- **Touch Screen:** Tap to select options, place bets, and interact with game elements.
- **Control Pad/Buttons:** Use for menu navigation, confirming selections, and specific game actions as indicated on-screen.

3.4 Saving Progress

The game automatically saves your progress, including your chip balance in Casino Challenge Mode. You can safely turn off your system without losing your current game data.

4. Maintenance

4.1 Game Card Care

- Keep the game card clean and free from dust and dirt.
- Store the game card in its protective case when not in use.
- Avoid touching the metal connectors on the back of the game card.
- Do not expose the game card to extreme temperatures or direct sunlight.

- Do not bend, drop, or attempt to disassemble the game card.

4.2 Cleaning Instructions

If the game card becomes dirty, gently wipe it with a soft, dry cloth. Do not use liquids or chemical cleaners.

5. Troubleshooting

5.1 Game Not Starting

- Ensure the game card is fully inserted into the Nintendo DS system.
- Check if the Nintendo DS system is powered on and fully charged.
- Clean the game card's metal connectors with a soft, dry cloth.
- Try inserting another game card to verify the Nintendo DS system is functioning correctly.

5.2 Gameplay Issues

- If the game freezes, power off your Nintendo DS system and restart it.
- Ensure the touch screen is clean and free from debris if experiencing unresponsive touch controls.
- For multiplayer issues, ensure all participating Nintendo DS systems are within range and have a stable wireless connection.
