

KidKraft 76021

KidKraft Fire Truck Toddler Bed

MODEL: 76021

Instruction Manual

1. Important Safety Information

Please read and understand all instructions before assembly and use of this product. Failure to follow these instructions could result in serious injury or death.

- **Age and Weight Limit:** This toddler bed is recommended for children aged 15 months and older. The maximum recommended weight capacity is 50 lbs (22.7 kg).
- **Mattress Compatibility:** Use only a crib mattress that meets the standard dimensions for a toddler bed. Mattress, pillow, and bedding are not included.
- **Entrapment Hazard:** Ensure all assembly hardware is securely tightened. Periodically check for loose hardware, damaged parts, or sharp edges. Do not use the bed if any parts are missing or broken.
- **Choking Hazard:** Keep small parts and assembly hardware away from children during assembly.
- **Fall Hazard:** The bed is designed with a low profile and integrated guard rails to minimize fall risks. However, always supervise young children.
- **Ventilation:** Upon unpacking, some new product odor may be present. Allow the product to air out in a well-ventilated area if necessary.

2. Product Overview

The KidKraft Fire Truck Toddler Bed is designed to provide a safe and engaging sleeping environment for toddlers transitioning from a crib. It features a sturdy wooden construction, integrated guard rails, and a front storage compartment.

Included Components:

- All necessary wooden panels and slats
- Guardrails (integrated into the design)
- Assembly hardware (screws, dowels, etc.)

- Detailed, step-by-step assembly instructions

Note: Mattress, pillow, and bedding are sold separately and are not included with this product.

3. Setup and Assembly

Assembly of the KidKraft Fire Truck Toddler Bed requires two adults and approximately 2 hours. A Philips head screwdriver is required (not included).

Before You Begin:

- Unpack all components and verify that all parts and hardware are present according to the included parts list. Contact customer support immediately if any parts are missing or damaged.
- Lay out all pieces on a soft, clean surface to prevent scratching.
- Familiarize yourself with the detailed, step-by-step assembly instructions provided in the product packaging.

Assembly Tips:

- Pay close attention to the labeled hardware and ensure screws are matched to the correct painted components for a seamless finish.
- Do not overtighten screws, as this may damage the engineered wood material. Tighten until snug.
- Ensure all dowels are fully inserted into their respective holes. If paint obstructs a hole, gently clear it.

4. Operating Instructions and Usage

This toddler bed is designed for safe and comfortable use by children within the specified age and weight limits.

- **Easy Access:** The bed's low height allows children to easily get in and out independently.
- **Guard Rails:** The integrated ladder-style cutouts on the sides function as guard rails, providing security and preventing accidental falls during sleep.

- **Storage:** A convenient storage compartment is located at the front of the bed, suitable for books, small toys, or other bedtime essentials.

5. Maintenance

Proper care and maintenance will ensure the longevity and safety of your KidKraft Fire Truck Toddler Bed.

- **Cleaning:** Wipe the bed surfaces with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish.
- **Regular Inspection:** Periodically check all screws, bolts, and other hardware to ensure they remain tight. Retighten as necessary.
- **Damage Check:** Inspect the bed regularly for any signs of wear, damage, or splintering wood. Discontinue use if any significant damage is found and contact customer support.

6. Troubleshooting

Below are solutions to common issues you might encounter with your toddler bed.

- **Missing or Damaged Parts:** If you find any parts missing or damaged upon opening the package, do not proceed with assembly. Contact KidKraft customer support for replacement parts.
- **Difficulty with Mattress Fit:** Ensure all internal screws are flush and not protruding. If a screw head is causing an obstruction, re-evaluate its installation. Standard crib mattresses should fit correctly.
- **Strong Odor:** A new product may have a slight odor from manufacturing. If the smell is strong, place the disassembled or assembled bed in a well-ventilated room with open windows for several days to allow it to dissipate.
- **Loose Components After Assembly:** If the bed feels unstable, re-check all connections. Ensure all screws are tightened securely but not overtightened, and all dowels are fully seated.
- **Cosmetic Imperfections:** Minor cosmetic issues like a detached headlight (as noted in some feedback) can often be reattached with appropriate adhesive if the part is intact.

7. Specifications

Feature	Detail
Model Number	76021
Material	Engineered Wood, Wood
Product Dimensions (L x W x H)	58.78" x 29.5" x 20.47" (149.3 cm x 75 cm x 52 cm)
