

Kid Galaxy 10126

Kid Galaxy Amphibious RC Truck Morphibians Gator User Manual

Model: 10126

INTRODUCTION

The Kid Galaxy Morphibians Gator is a versatile remote control vehicle designed for both land and water operation. Its robust 4x4 drive system allows it to navigate various terrains, including dirt, grass, pavement, and even water. This manual provides essential information for setting up, operating, and maintaining your Morphibians Gator to ensure optimal performance and longevity.

SAFETY INFORMATION

Warning: Not for infants.

- Always operate the vehicle under adult supervision, especially during water play.
- Ensure the vehicle is thoroughly drained and dried after water use to prevent damage.
- Do not use the vehicle in saltwater environments.
- Keep fingers, hair, and loose clothing away from moving parts.
- Do not attempt to modify the vehicle or remote control, as this may void the warranty and cause malfunction.

WHAT'S IN THE BOX

- Morphibians Gator RC Vehicle
- Remote Control Handset
- Instruction Manual

SETUP

Battery Installation

The Morphibians Gator and its remote control require batteries (not included).

1. **For the Morphibians Gator Vehicle:** Locate the battery compartment on the underside of the vehicle. Open the compartment cover. Insert three (3) AA batteries, ensuring correct polarity (+/-). Close the compartment cover securely.
2. **For the Remote Control Handset:** Locate the battery compartment on the back of the remote control. Open the compartment cover. Insert two (2) AAA batteries, ensuring correct polarity (+/-). Close the compartment cover securely.

Note: Always use fresh batteries. Do not mix old and new batteries, or different types of batteries.

OPERATING INSTRUCTIONS

Remote Control Operation

The Morphibians Gator uses a skid steering system, which allows for precise control and maneuverability on various surfaces.

- **Forward:** Push both joysticks on the remote control forward simultaneously.
- **Backward:** Pull both joysticks on the remote control backward simultaneously.
- **Turn Left:** Push the right joystick forward while keeping the left joystick neutral or pulling it backward.
- **Turn Right:** Push the left joystick forward while keeping the right joystick neutral or pulling it backward.
- **Spin in Place:** Push one joystick forward and the other backward to make the vehicle spin.

Land Operation

The Morphibians Gator is designed to operate on a variety of land surfaces, including grass, dirt, pavement, and gravel. Its 4x4 drive and rugged tires provide excellent traction.

Water Operation

The unique design of the Morpheians Gator allows it to transition seamlessly from land to water. The paddle wheel treads on its tires propel it through water.

- Ensure the water is calm and free of debris.
- Only use in fresh water (e.g., pools, ponds). Avoid saltwater.
- Drive the vehicle directly into the water. The tires will act as paddle wheels to move it.
- Control steering as you would on land.

MAINTENANCE

- **After Water Use:** After operating the vehicle in water, it is crucial to thoroughly drain any excess water and towel dry the entire vehicle. This prevents corrosion and extends the product's lifespan.
- **Cleaning:** Use a damp cloth to wipe down the vehicle and remote control. Do not submerge the remote control in water. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the vehicle and remote control in a cool, dry place away from direct sunlight when not in use. Remove batteries if storing for extended periods to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not respond to remote.	<ul style="list-style-type: none">◦ Low or dead batteries in vehicle or remote.◦ Incorrect battery polarity.◦ Vehicle or remote is off.◦ Out of range.◦ Interference from other RC devices.	<ul style="list-style-type: none">◦ Replace batteries in both vehicle and remote.◦ Check battery orientation.◦ Ensure both are switched ON.◦ Move closer to the vehicle.◦ Move to an area with less interference or try a different frequency model if available (e.g., 49 MHz).
Vehicle moves slowly or erratically.	<ul style="list-style-type: none">◦ Low batteries.◦ Obstruction in wheels/treads.◦ Water inside vehicle (after water play).	<ul style="list-style-type: none">◦ Replace batteries.◦ Clear any debris from wheels and axles.◦ Drain and dry the vehicle thoroughly.
Vehicle does not float or move well in water.	<ul style="list-style-type: none">◦ Not in calm water.◦ Low batteries.◦ Operating in saltwater.	<ul style="list-style-type: none">◦ Ensure water is calm and fresh.◦ Replace batteries.◦ Only use in fresh water.

SPECIFICATIONS

Model Number	10126
Product Dimensions	11 x 7 x 6 inches (approximate)
Item Weight	1.75 pounds
Recommended Age	5 - 12 years
Batteries Required	3 AA (vehicle), 2 AAA (remote) - Not included
Frequency	27 MHz (Note: To operate multiple Morphibians vehicles at the same time, each vehicle must operate on a different frequency. Search for "Kid Galaxy Morphibians 49 MHz" for compatible RCs.)
Manufacturer	Kid Galaxy
