K2r 33001

K2r 33001 Spot Remover Instruction Manual

Model: 33001 | Brand: K2r

1. INTRODUCTION

The K2r 33001 Spot Remover is an aerosol product designed for effective removal of oil and grease-based spots and stains from various fabrics. Its quick-drying formula works by absorbing the stain into a powder, which is then brushed away, leaving no residue.

This product is suitable for use on carpets, upholstery, and dry cleanable clothing. It is formulated to provide a clean finish without leaving a mess.

2. SAFETY INFORMATION

DANGER!

- Extremely Flammable.
- Eye Irritant.
- Contents Under Pressure.

Carefully read and follow all precautions on the product label before use.

General Precautions:

- Contains Methyl acetate (CAS #79-20-9), Acetone (CAS # 67-64-1), and Hydrocarbon Propellant Blend (CAS # 68476-86-8).
- Keep away from heat, flame, and other sources of ignition.
- Do not puncture, incinerate, or store above 120°F (49°C). Exposure to heat or prolonged exposure to sun may cause bursting.
- Do not heat garment while wearing.
- Use only in a well-ventilated area.
- Do not take internally.

- Avoid breathing vapor, mist, or powder. Intentional misuse of this product by deliberately concentrating and inhaling it may be harmful or fatal.
- Avoid contact with eyes and skin.
- Keep out of reach of children.

First Aid:

- **If Swallowed:** Do not induce vomiting. Contact a poison control center, hospital emergency room, or physician immediately.
- **Eye Contact:** Immediately flush thoroughly with water. If irritation develops, seek medical attention.

4. SETUP AND PREPARATION

Proper preparation ensures optimal results and prevents potential damage to materials.

Before Application:

1. **Test in an Inconspicuous Area:** Always test K2r on a hidden or inconspicuous area of the material (e.g., an inside seam, underside of upholstery) to check for colorfastness and compatibility. Allow the test area to dry completely and inspect for any adverse effects before proceeding.
2. **Ensure Ventilation:** Use the product in a well-ventilated area to minimize inhalation of vapors. Open windows or use a fan if necessary.

3. **Shake Can Thoroughly:** Shake the aerosol can vigorously for several seconds before each use to ensure the contents are properly mixed.

5. OPERATING INSTRUCTIONS

Follow these steps for effective stain removal:

1. **Apply K2r:** Hold the can upright, approximately 6-8 inches (15-20 cm) away from the stain. Depress the button fully and spray a thin, even layer over the entire spot. Avoid soaking the material.
2. **Allow to Dry:** Let the product dry completely, which typically takes about 10 minutes. As it dries, K2r transforms into a white powder, absorbing the stain.
3. **Brush Away Powder:** Once completely dry, gently brush away the white powder using a soft brush or a clean, dry cloth. The brush integrated into the can cap can be used for this purpose.
4. **Repeat if Necessary:** For stubborn or older stains, multiple applications may be required. Repeat the process from step 1 until the stain is removed.

Important: Do not heat the garment or material while wearing or while the product is applied.

6. MAINTENANCE AND STORAGE

Proper storage ensures the longevity and safety of the product.

- Store the K2r Spot Remover in a cool, dry place.
- Keep away from direct sunlight, heat sources, and temperatures exceeding 120°F (49°C).
- Ensure the can is stored out of reach of children and pets.

7. TROUBLESHOOTING

If you encounter issues while using the K2r Spot Remover, refer to the following:

- **Stain Not Completely Removed:** Older or tougher stains may require more than one application. Reapply K2r as directed, ensuring the previous application has fully dried before reapplying.
- **White Residue Remains:** Ensure the product is completely dry before brushing. Brush the treated area thoroughly and vigorously to remove all powder. A vacuum cleaner can also be used to remove fine powder residue from carpets or upholstery.
- **Fabric Discoloration or Damage:** This product is generally safe for dry-cleanable fabrics, cotton, silk, rayon, wool, and wool blends. It is **not suitable** for rubber, acetate, plastic, latex, foam rubber, waterproof fabrics, painted, or varnished surfaces. Always perform a spot test on an inconspicuous area first to prevent damage.

8. SPECIFICATIONS

Feature	Detail
Model Number	33001
Product Dimensions	2 x 2 x 7 inches
Item Weight	9.6 ounces
Brand	K2r
