## Husky Liners 51041

# Husky Liners Heavy Duty Front Floor Mats

Instruction Manual for Model 51041

## INTRODUCTION

---

This manual provides essential information for the installation, use, and maintenance of your Husky Liners Heavy Duty Front Floor Mats. These mats are designed to offer robust protection for your vehicle's interior, featuring a durable construction and a custom fit for specified models. Please read through the instructions carefully before installation and use.

## PRODUCT FEATURES

---

- **Two-Way Protection:** The rubberized DuraGrip HD construction is engineered to absorb impact, protecting your vehicle's floor while also providing a cushioned surface.
- **Air Dry Nibs & Anti-Skid Surface:** Equipped with Air Dry Nibs on the underside to promote air circulation, preventing moisture buildup between the mat and the vehicle floor. The textured surface provides enhanced traction, minimizing movement of the mats.
- **Chemical Resistance:** The material is resistant to most common chemicals, ensuring durability and longevity even with exposure to various substances.

## COMPATIBILITY

---

These Husky Liners Heavy Duty Front Floor Mats (Model 51041) are custom-fit for the following vehicle models:

- 1987 - 1991 Chevrolet Blazer
- 1975 - 1986 Chevrolet C20/K20
- 1994 - 2001 Ram 1500

The package includes two pieces for the front floor area.

## INSTALLATION

---

Installation of your Husky Liners floor mats is designed to be quick and straightforward, requiring no special tools.

1. **Prepare the Vehicle Floor:** Ensure the vehicle's floor area where the mats will be placed is clean and free of debris. Remove any existing floor mats before installing the Husky Liners.
2. **Position the Mats:** Carefully place each mat into its corresponding front footwell (driver's side and passenger's side). Align the mat with the contours of the vehicle's floor.
3. **Secure the Mats (if applicable):** If your vehicle has factory floor mat retention hooks or posts, ensure the mat's pre-cut holes (if present) are aligned and secured onto these points to prevent shifting during driving.

## OPERATING AND USAGE

---

Once installed, your Husky Liners floor mats provide continuous protection against dirt, spills, and wear. The deep grooves and raised edges are designed to contain liquids and debris, keeping your vehicle's carpet clean.

- **Containment:** The mat's design effectively traps mud, water, snow, and other messes, preventing them from reaching the vehicle's carpet.
- **Foot Traction:** The textured surface provides a secure footing, reducing the risk of slips, especially in wet conditions.

## CARE AND MAINTENANCE

---

Maintaining your Husky Liners floor mats is simple and helps prolong their lifespan and effectiveness.

1. **Regular Cleaning:** For routine cleaning, simply remove the mats from the vehicle.
2. **Washing:** Hose down the mats with water. For stubborn dirt or grime, a mild soap and brush can be used.
3. **Drying:** Allow the mats to air dry completely before reinstalling them in your vehicle. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.

## TROUBLESHOOTING

---

Most issues with Husky Liners floor mats relate to fit or cleaning. If you encounter any problems, consider the following:

- **Improper Fit:** Ensure you have the correct model for your specific vehicle year, make, and model. Verify that the mats are correctly positioned and secured to any factory retention systems. Some mats may require a short period to conform fully to the vehicle's contours.
- **Slipping:** Confirm the mats are properly installed and secured. The anti-skid surface is designed to minimize movement, but extreme conditions or improper installation can affect stability.
- **Persistent Stains/Odors:** For tough stains, use a stronger, but still mild, automotive interior cleaner. For odors, ensure thorough cleaning and drying, and consider airing out the mats in a well-ventilated area.

## SPECIFICATIONS

---

Attribute	Detail
Brand	Husky Liners
Model	51041
Color	Black
Product Dimensions	1"L x 1"W x 1"Th (Approximate)
Item Weight	9.55 pounds
Automotive Fit Type	Vehicle Specific Fit
UPC	753933510411
Manufacturer Part Number	51041

## SAFETY INFORMATION

---

This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, please refer to the product packaging or manufacturer's website.
