SETUP: BATTERY INSTALLATION

To install the Duracell 28L 6V Lithium Battery into your compatible device, follow these general steps:

1. **Consult Device Manual:** Always refer to your device's instruction manual for specific battery compartment location and installation procedures.
2. **Open Battery Compartment:** Locate and open the battery compartment on your device. This often involves sliding a cover or unscrewing a panel.
3. **Observe Polarity:** Carefully note the positive (+) and negative (-) terminals inside the compartment.
4. **Insert Battery:** Insert the Duracell 28L battery according to the correct polarity markings. Ensure a snug fit.
5. **Close Compartment:** Securely close the battery compartment.

Ensure the device is powered off before installing or replacing batteries.

OPERATING INSTRUCTIONS

Once the Duracell 28L 6V Lithium Battery is correctly installed, your device is ready for operation. This battery is designed for high-power applications, providing consistent energy output for optimal device performance.

- **Power On Device:** Activate your device as per its manufacturer's instructions.
- **Monitor Performance:** Observe your device's performance. If it operates intermittently or shows signs of low power, the battery may need replacement.
- **Optimal Use:** For best results, use the battery in devices that require its specific voltage and type.

TROUBLESHOOTING

If your device is not functioning correctly after installing the Duracell 28L 6V Lithium Battery, consider the following:

- **Check Polarity:** Ensure the battery is inserted with the correct positive (+) and negative (-) orientation.
- **Verify Contact:** Make sure the battery terminals are clean and making proper contact with the device's contacts.
- **Battery Condition:** If the battery is old or has been stored improperly, it may have lost its charge. Try a new battery.
- **Device Malfunction:** If the issue persists with a new, correctly installed battery, the problem may lie with the device itself. Consult your device's manual or manufacturer.
