

Pyrex Pyrex Smart Essentials 8-Piece Mixing Bowl Set (Models 322, 323, 325, 326)

Pyrex Smart Essentials 8-Piece Glass Mixing Bowl Set User Manual

Brand: Pyrex

Model: Smart Essentials 8-Piece Mixing Bowl Set (Models 322, 323, 325, 326)

1. PRODUCT OVERVIEW

The Pyrex Smart Essentials 8-Piece Mixing Bowl Set provides a versatile solution for various kitchen tasks, including preparing, storing, cooking, baking, warming, and reheating food. This set includes four durable glass bowls of varying capacities and four corresponding BPA-free plastic lids.

Key Features:

- **Durable Materials:** Non-porous tempered glass resists stains, scratches, and odors. BPA-free plastic lids are designed for daily use without bending or cracking.
- **Everyday Versatility:** Glass containers and lids are safe for use in the refrigerator, freezer, and microwave. Glass bowls are also oven-safe.
- **Secure Fit Design:** Lids are designed to fit securely, helping to keep food fresh.
- **Easy Maintenance:** Glass bowls and lids are dishwasher-safe (top rack for lids only).

2. SETUP AND INITIAL USE

Unpacking and Cleaning:

1. Remove all packaging materials and labels from the bowls and lids.
2. Wash all components thoroughly before first use. Hand wash with warm, soapy water or place in the dishwasher.

Matching Lids to Bowls:

Each lid is designed to fit a specific bowl size. For optimal fit and seal, always check the bottom of your Pyrex containers for the correct model number to match its designated lid. The lids are color-coded for easy identification of corresponding bowl sizes.

3. OPERATING INSTRUCTIONS

General Use:

- Use the bowls for mixing ingredients for baking, cooking, or preparing salads.
- The clear glass allows for easy monitoring of contents during mixing.

Microwave Use:

- Glass bowls are microwave safe. Lids are also microwave safe for reheating, but ensure the lid is vented to allow steam to escape.
- Avoid using lids in the microwave for extended periods or at high power settings to prevent warping.

Oven Use:

- Pyrex glass bowls are oven safe. **Do not use plastic lids in the oven.**
- Ensure the glass is at room temperature before placing it in a preheated oven. Avoid extreme temperature changes, such as placing a hot bowl on a cold surface or adding cold liquid to a hot bowl.

Food Storage:

- Use the plastic lids to store food in the refrigerator or freezer.
- Ensure lids are securely fastened to maintain freshness and prevent spills.

4. MAINTENANCE AND CARE

Cleaning:

- **Dishwasher Safe:** Both glass bowls and plastic lids are dishwasher safe. Place lids on the top rack only to prevent warping.
- **Hand Washing:** For best results and to prolong the life of the lids, hand washing with warm, soapy water is recommended.
- Avoid abrasive cleaners or scouring pads that could scratch the glass or plastic.

Storage:

The bowls are designed to nest within each other for compact storage. Lids can be stacked separately or placed on their respective bowls for organized storage.

5. TROUBLESHOOTING

Lid Not Fitting Securely:

- Ensure you are using the correct lid for the bowl. Each lid is marked with its corresponding bowl size.
- Check for any food debris or damage on the rim of the bowl or the lid that might prevent a proper seal.

Glass Breakage:

- Pyrex glass is tempered for durability, but it can break if subjected to sudden, extreme temperature changes or severe impact.
- Avoid placing hot glass directly on cold surfaces or adding cold liquids to hot glass.
