## Intex 59380EP

# Intex Pool Cruiser Inflatable Baby Seat/Swim Boat

MODEL: 59380EP

## Introduction

Thank you for choosing the Intex Pool Cruiser. This inflatable baby seat/swim boat is designed to provide a fun and engaging water experience for young children. This product is made from durable 8-gauge (0.20-mm) vinyl plastic material with smooth seams, ensuring hours of enjoyment. Please read this manual carefully before use to ensure proper setup, safe operation, and maintenance.

- **Durable Construction:** Made from sturdy 8-gauge 0.20-mm vinyl plastic material with smooth seams for lasting use.
- **Easy Inflation/Deflation:** Designed for quick and simple inflation and compact storage.
- **Easy to Clean:** Simple design allows for easy cleaning to maintain hygiene.
- **Repair Patch Included:** A handy repair patch is provided for quick fixes of unexpected punctures.

## Safety Information

**WARNING: This toy is not a life-saving equipment. Always supervise children when using this product in water. Do not leave children unattended.**

## Setup

1. **Unpack:** Carefully remove the Pool Cruiser from its packaging.
2. **Inspect:** Check the inflatable for any signs of damage or punctures. If any are found, use the included repair patch before inflation.
3. **Inflate:** Locate the inflation valves. Use an air pump (not included) or manually inflate the chambers until the float is firm but not over-inflated. Ensure all valves are securely closed after inflation. Avoid using high-pressure air compressors, as this may damage the product.
4. **Placement:** Place the inflated Pool Cruiser in the water.

## Operating Instructions

- Child Placement:** Gently place the child into the seat opening of the Pool Cruiser. Ensure the child is comfortable and securely seated.
- Supervision:** Maintain constant, close supervision of the child while they are using the Pool Cruiser. Always stay within arm's reach.
- Water Depth:** Use only in water where the child is within their depth and under adult supervision.
- Movement:** The Pool Cruiser can be gently guided by an adult. Children can also use their hands and feet to paddle around.

## Maintenance

- Cleaning:** After each use, rinse the Pool Cruiser with fresh water. Wipe it down with a soft cloth and mild soap if necessary. Do not use harsh chemicals or abrasive cleaners.
- Drying:** Allow the Pool Cruiser to air dry completely before deflating and storing.
- Storage:** Deflate the Pool Cruiser by opening the valves and gently pressing out the air. Fold it neatly and store it in a cool, dry place away from direct sunlight and sharp objects.
- Repair:** In case of a small puncture, use the provided repair patch. Clean the area around the puncture, apply the patch firmly, and allow it to cure for several hours before re-inflating.

## Troubleshooting

- Slow Air Leak:** Check all inflation valves to ensure they are securely closed. Inspect the entire surface of the float for small punctures. Apply soapy water to the surface; bubbles will indicate a leak. Use the provided repair patch.
- Difficulty Inflating:** Ensure the pump nozzle is properly inserted into the valve and that the valve is not obstructed.
- Product Does Not Float Evenly:** Check if all air chambers are equally inflated. Adjust air pressure as needed.

## Specifications

<b>Brand</b>	Intex
<b>Model Name</b>	Intex - 59380EP
<b>Material</b>	Plastic (8-gauge 0.20-mm vinyl)
<b>Product Dimensions</b>	42"L x 27"W (107 cm x 69 cm)
<b>Item Weight</b>	1.1 Grams (0.0024 lbs)
<b>Weight Limit</b>	59 pounds (27 kg)
<b>Age Range (Description)</b>	3 to 6 years
<b>Special Feature</b>	Chlorine and Saltwater Resistance
<b>UPC</b>	714739680104
