Akro-Mils 30220

Akro-Mils 30220 AkroBins Plastic Storage Bins User Manual

Model: 30220

1. PRODUCT OVERVIEW

The Akro-Mils 30220 AkroBins are a versatile storage solution designed for organizing various items in different environments. These bins are constructed from heavy-duty, one-piece industrial plastic, ensuring durability and resistance to rust, water, and corrosion. They are suitable for use in classrooms, garages, pantries, and for craft supplies.

Each bin is capable of holding up to 10 pounds, making them ideal for small items such as toys, cosmetics, game pieces, office supplies, or hardware. The design prioritizes efficiency, allowing for maximization of storage space while keeping contents organized and easily accessible.

Image: A 24-pack of blue Akro-Mils AkroBins, demonstrating their stackable nature.

Key Features:

- **Multi-Purpose Storage:** Suitable for various items and environments, holding up to 10 pounds per bin.
- **Durable Construction:** Made from heavy-duty, one-piece industrial plastic, resistant to rust, water, and corrosion. Features reinforced side ribs to prevent spreading.
- **Space-Saving Design:** Stackable with an extra-wide stacking ledge for stability and spill prevention. An anti-slide stop prevents stacked bins from shifting.
- **Easy Access:** Curved-bottom hopper front facilitates retrieval of small items.
- **Customizable:** Compatible with optional dividers and label holders (sold separately) for tailored organization. Can be used with louvered panels or rail racks (sold separately).
- **Dimensions:** Outside Dimensions - 7-3/8" x 4-1/8" x 3"; Inside Dimensions - 6-3/4" x 3-7/16" x 2-13/16".

2. SETUP

AkroBins offer flexible setup options to suit various organizational needs. The bins are designed for both standalone use and integration with specialized mounting systems.

Placement Options:

- **Stacking:** Bins of the same size can be stacked securely on top of each other. The extra-wide stacking ledge and anti-slide stop ensure stability.
- **Flat Surfaces:** Bins can be placed individually or in rows on shelves, tables, counters, or inside drawers. Verify drawer height before placement.
- **Wall Mounting:** For vertical storage, AkroBins can be mounted to louvered wall panels or rail racks (sold separately). This allows for easy access and maximizes wall space.

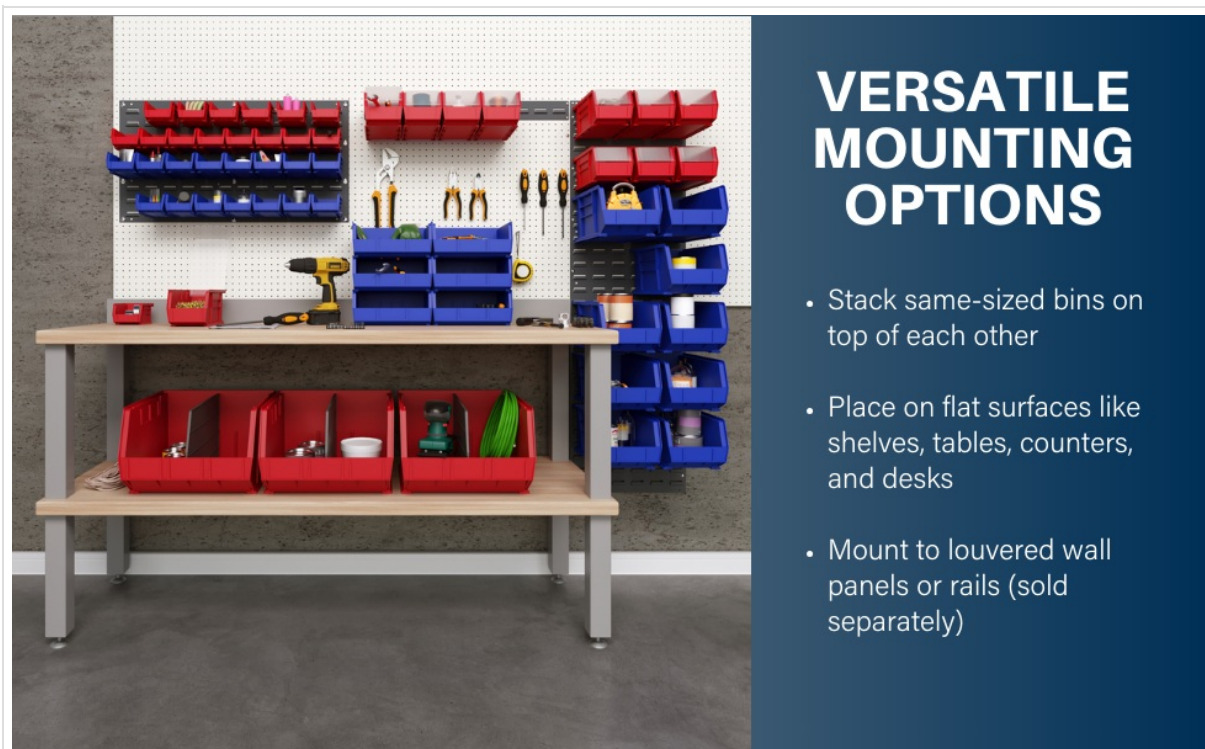

Image: Various mounting options for AkroBins, including stacking on a workbench, placing on shelves, and hanging on louvered panels.

Optional Accessories (Sold Separately):

- **Dividers:** Insert dividers to create multiple compartments within a single bin, allowing for finer organization of small parts.
- **Label Holders:** Attach label holders to the front of the bins for clear identification of contents, supporting easy coding and scanning.
- **Louvered Panels/Rail Racks:** These systems provide a structured way to hang multiple bins, creating an organized wall-mounted storage solution.

CUSTOMIZABLE STORAGE

Create the exact storage and organization solution to meet your needs with these add-ons and more (sold separately)

3. OPERATING INSTRUCTIONS

Using your AkroBins for efficient organization is straightforward. Follow these guidelines for optimal use:

Loading Contents:

- Place items into the bins, ensuring the total weight does not exceed 10 pounds per bin.
- Utilize optional dividers to separate different types of items within a single bin, enhancing organization.
- For easy identification, apply labels to the designated front label area or use optional label holders.

Image: AkroBins in use, holding various craft and hardware items, demonstrating their capacity and versatility.

Retrieving Contents:

- The curved-bottom hopper front allows for easy access and retrieval of small items without needing to remove the bin from its stack or mounting.
- If bins are stacked, the anti-slide stop prevents forward shifting, maintaining stability during access.

4. MAINTENANCE

AkroBins are designed for low maintenance due to their durable plastic construction. Regular cleaning will help maintain their appearance and functionality.

Cleaning Instructions:

- Wipe down the bins with a damp cloth and mild soap or detergent.
- Rinse thoroughly with water if soap is used.
- Allow bins to air dry completely before refilling or stacking.
- Avoid using abrasive cleaners or harsh chemicals, as these may damage the plastic surface.

The industrial plastic material is rust, water, and corrosion-proof, making these bins suitable for both indoor and outdoor use without special protective measures against environmental elements.

5. TROUBLESHOOTING

AkroBins are simple in design and operation, minimizing the need for troubleshooting. Most issues can be resolved by reviewing the setup and operating instructions.

Common Considerations:

- **Bins not stacking securely:** Ensure that the bins are of the same size and are placed correctly on the stacking ledge. The anti-slide stop should engage properly.
- **Bins spreading when full:** While reinforced side ribs are present, exceeding the 10-pound weight capacity per bin can cause deformation. Reduce the load if this occurs.
- **Difficulty retrieving small items:** Ensure the bin is positioned with the hopper front facing outwards for optimal access.

If you encounter any other unexpected issues, please re-read the relevant sections of this manual.

6. SPECIFICATIONS

Detailed specifications for the Akro-Mils 30220 AkroBins:

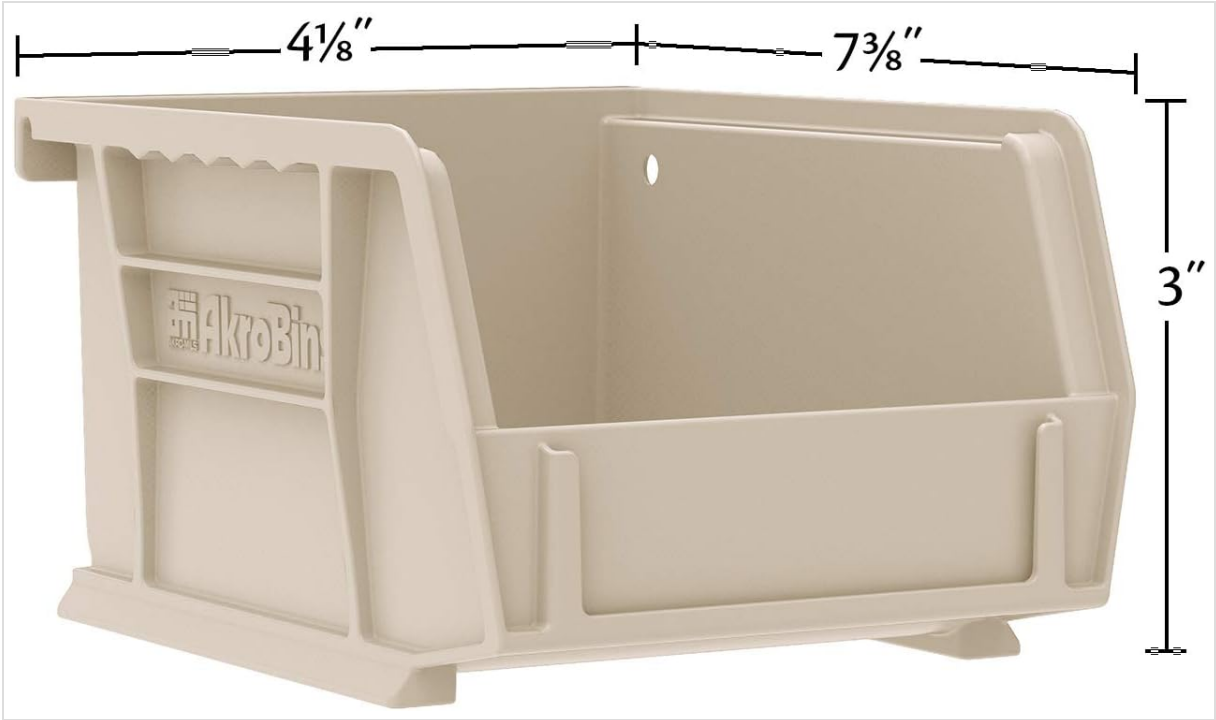

Image: A single AkroBin illustrating its external dimensions.

Specification	Detail
Brand	Akro-Mils
Model Number	30220
Material	Plastic
Color	Blue (for this specific variant)
Finish Type	Glossy
Unit Count	24 Count
Capacity	10 Pounds (per bin)
Outside Dimensions	7-3/8" L x 4-1/8" W x 3" H
Inside Dimensions	6-3/4" L x 3-7/16" W x 2-13/16" H
Item Weight	8 ounces (per bin, approximate)
Mounting Type	Wall Mount (with accessories), Stacking
Special Features	Fits on Shelving, Hanging, Hopper Front, Stacking
UPC	032903022018, 032903037975, 343538044222
Date First Available	October 6, 2009

7. WARRANTY INFORMATION

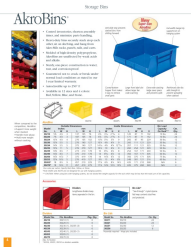

Warranty information for the Akro-Mils 30220 AkroBins is not provided in the available product data. For details regarding product warranty, please refer to the manufacturer's official website or contact Akro-Mils directly.

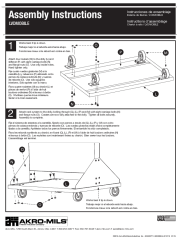

8. SUPPORT

Specific customer support contact information is not provided in the available product data. For product support, inquiries, or to purchase accessories, please visit the official Akro-Mils website or contact their customer service department through the channels listed on their site.

You can find more information about Akro-Mils products and solutions by visiting the [Akro-Mils Store on Amazon](#).

A collection of Akro-Mils material handling products. On the left is a white shelving unit with blue bins. In the center is a grey rolling cart with a white top and blue drawers. To the right of the cart is a tall yellow shelving unit with yellow bins. Further right is a blue shelving unit with blue bins. In the foreground are several bins: a yellow one, a blue one, and a red one. To the right of the cart is a red rolling cart with a red top and blue drawers. In the background is a white shelving unit with white bins.

The Akro-Mils logo, featuring a stylized red and black square icon.
