Italeri ITA6027

Italeri ITA6027 English Knight and Archers 1:72 Scale Model Kit

Brand: Italeri | Model: ITA6027

Introduction

This instruction manual provides detailed guidance for the assembly and care of your Italeri ITA6027 1:72 scale model kit, featuring English Knights and Archers from the 100 Years War. This kit is designed for collectors aged 14 and over and is not intended as a toy. Careful assembly and attention to detail will result in a historically accurate and visually appealing miniature display.

Safety Information

Please read all safety warnings before beginning assembly.

- **WARNING!** Contains small parts. This product is suitable for ages over 14 only.
- Keep out of reach of young children to prevent choking hazards.
- Use appropriate ventilation when working with paints, glues, and solvents.
- Exercise caution when using sharp tools such as hobby knives or clippers.

Package Contents

Your Italeri ITA6027 kit includes the following components:

- Plastic sprues containing 26 individual figures.
- Instruction sheet (this document).

Please verify all parts are present and undamaged before starting assembly. If any parts are missing or damaged, contact customer support.

Setup and Assembly

Follow these steps for proper assembly of your model kit:

1. **Preparation:** Carefully remove each figure and accessory from the plastic sprue using a hobby knife or clippers. Trim any excess plastic (flash) from the parts using a hobby knife or fine sandpaper.
2. **Assembly:** Refer to the box art or historical references for guidance on assembling figures. Use plastic model cement to bond parts together. Apply glue sparingly to avoid damaging details. Allow sufficient drying time for each joint before proceeding.
3. **Base Attachment:** Most figures include small bases. Attach figures securely to their bases using plastic cement.
4. **Painting (Optional):** Once assembled, figures can be painted using acrylic or enamel model paints. Refer to historical references for accurate color schemes for English Knights and Archers of the 100 Years War.

Operating and Display

Once assembled and painted, your model figures are ready for display. These figures are ideal for:

- Dioramas depicting historical scenes.
- Tabletop wargaming.
- Educational displays.
- Collection showcases.

Position figures carefully to create dynamic and engaging scenes. Avoid placing them in direct sunlight or extreme temperatures to prevent damage or paint fading.

Maintenance

Proper care will preserve the quality and appearance of your model figures:

- **Cleaning:** Dust figures regularly with a soft, dry brush or a can of compressed air. Avoid using water or chemical cleaners, as these may damage paint or plastic.
- **Storage:** Store figures in a dust-free environment, ideally in a display case or a sealed container, to protect them from dust and physical damage.
- **Handling:** Handle figures by their bases whenever possible to avoid touching painted surfaces or delicate parts.

Troubleshooting

Here are solutions to common issues encountered during model assembly or display:

- **Parts not fitting:** Ensure all flash is removed. If parts are still tight, gently sand contact points. If too loose, apply a small amount of glue and hold until set.
- **Figures falling over:** Ensure figures are securely attached to their bases. If necessary, add weight to the underside of the base or use a stronger adhesive.
- **Paint chipping:** Ensure surfaces are clean before painting. Apply a thin coat of primer before painting for better adhesion. A clear protective coat can also help.
