1. INTRODUCTION

This instruction manual provides detailed guidance for assembling and maintaining your Mega Bloks Probuilder NASCAR Jeff Gordon No.24 - Dupont building set. This set allows for the construction of a detailed replica of Jeff Gordon's No. 24 NASCAR stock car, complete with sponsorship styling and a collectible mini construction figure.

Please read all instructions carefully before beginning assembly to ensure proper construction and enjoyment of your model.

2. SAFETY INFORMATION

Warning: Choking hazard. Small parts. Not for children under 3 years.

Always supervise young children during assembly and play. Keep small parts away from infants and toddlers to prevent accidental ingestion.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The package should contain:

- Approximately 225 building pieces for the NASCAR stock car.
- Real Chevrolet Monte Carlo shaped car parts.
- Rubber wheels.
- One fully articulated Jeff Gordon mini construction figure.
- Sponsorship styling stickers for authentic detailing.
- Instruction booklet.

If any parts are missing or damaged, please refer to the Support section for assistance.

4. SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the included instruction booklet. It is recommended to:

1. **Prepare Your Workspace:** Choose a clean, well-lit, and flat surface to assemble the model. This helps prevent loss

of small pieces.

2. **Sort Pieces:** Before starting, sort the building pieces by color, size, or type as suggested in the instruction booklet. This can significantly speed up the assembly process.
3. **Follow Instructions Carefully:** Each step in the instruction booklet illustrates the pieces required and their placement. Pay close attention to the diagrams.
4. **Apply Stickers:** Once the main structure is complete, carefully apply the sponsorship styling stickers according to the guide in the instruction booklet for an authentic finish.
5. **Assemble Figure:** Construct the Jeff Gordon mini figure and place it in the completed car if desired.

Assembly typically takes several hours, depending on experience. Take your time and enjoy the building process.

5. OPERATING THE MODEL

Once assembled, the Mega Bloks Probuilder NASCAR Jeff Gordon No.24 model is designed for display and light play. The rubber wheels allow the car to roll smoothly on flat surfaces. The articulated figure can be posed within the car or separately.

- Ensure all connections are secure before moving the model.
- Avoid applying excessive force to the model, as this may cause pieces to detach.
- The model is not designed for high-impact play or outdoor use.

6. MAINTENANCE

To keep your Mega Bloks model in optimal condition:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For deeper cleaning, gently wipe with a damp cloth and mild soap solution, then rinse with a clean damp cloth and allow to air dry completely. Do not submerge the model in water.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic parts and degradation of stickers.
- **Handling:** Handle the model carefully to avoid accidental disassembly.

7. TROUBLESHOOTING

Issue: Pieces do not fit together securely.

Solution: Ensure you are using the correct pieces for the step. Refer to the instruction booklet diagrams carefully. Some pieces may require a firm, but gentle, push to connect properly.

Issue: Missing pieces.

Solution: Double-check all packaging materials and your workspace. If pieces are genuinely missing, contact customer support as detailed in the Support section.

Issue: Model appears unstable or falls apart easily.

Solution: Review the assembly steps to ensure all connections are made correctly and securely. Pay attention to the foundation and structural integrity of the model as shown in the instructions.
