## TIGI CX

# Tigi Bed Head Hard Head Hair Spray Instruction Manual

**Brand:** TIGI

**Model:** CX

## PRODUCT OVERVIEW

---

Tigi Bed Head Hard Head Hair Spray provides relentless hold and control, drying instantly. This product is designed to offer strong hold, a subtle shine, and conditions hair as it controls. It also adjusts the hair's pH balance.

## KEY FEATURES & BENEFITS

---

- **Relentless Hold:** Provides extreme hold to keep hairstyles in place.
- **Instant Drying:** Dries quickly upon application.
- **Subtle Shine:** Adds a healthy, natural-looking sheen to hair.
- **Conditions Hair:** Formulated to condition hair while providing control.
- **pH Adjustment:** Helps to balance the hair's pH.
- **Suitable for All Hair Types:** Effective on various hair lengths and textures, including color-treated hair.
- **Citrus Scent:** Features a refreshing citrus fragrance.

## SETUP & PREPARATION

---

Before applying Tigi Bed Head Hard Head Hair Spray, ensure your hair is prepared as desired (e.g., styled, curled, or straightened). This product is designed for use on dry hair.

1. Ensure hair is clean and completely dry.
2. Shake the can well before each use to ensure proper mixture of ingredients.

3. Remove the protective cap from the spray nozzle.

Image: The hairspray can with its clear protective cap removed, showing the spray nozzle.

## OPERATING INSTRUCTIONS

---

Follow these steps for optimal application and hold:

1. Hold the can approximately 10-12 inches (25-30 cm) away from your hair.
2. Spray evenly over your styled hair to set the desired look.
3. For a stronger hold, apply additional layers as needed. The more you use, the harder the hold becomes.
4. Allow the spray to dry instantly. Avoid touching hair immediately after spraying to prevent disrupting the hold.

Image: The hairspray can is partially visible in the back pocket of a pair of jeans, illustrating its portable size.

Image: A woman with long, wavy, styled hair, demonstrating the potential results of using the hairspray.

## MAINTENANCE

---

Proper care ensures the longevity and effectiveness of your hair spray:

- **Storage:** Store the can in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Cap Replacement:** Always replace the protective cap securely after each use to prevent the nozzle from clogging.

- **Nozzle Cleaning:** If the nozzle becomes clogged, remove it and rinse thoroughly under warm water. Dry completely before reattaching.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Nozzle Clogging	Product residue buildup.	Remove nozzle and rinse under warm water. Dry thoroughly before reattaching.
Hair feels sticky/crunchy	Too much product applied.	Use less product. Start with a light mist and add more if needed.
Hold is not strong enough	Insufficient product applied or extreme conditions.	Apply additional layers for increased hold. Ensure hair is completely dry before application.

## SPECIFICATIONS

---

**Product Name:** Tigi Bed Head Hard Head Hair Spray

**Volume:** 10.6 Fluid Ounces (approx. 313 ml)

**Item Model Number:** CX

**Product Dimensions:** 4 x 5 x 6 inches; 8.8 ounces (weight of product)
