STANLEY TR110

STANLEY TR110 Heavy Duty Stapler Gun User Manual

Model: TR110

1. INTRODUCTION

The STANLEY TR110 Heavy Duty Stapler Gun is designed for various stapling tasks around the home or office. Constructed from durable alloy steel, it features a lightweight design and a convenient handle lock for safe storage. This manual provides essential instructions for the safe and effective use, maintenance, and troubleshooting of your TR110 stapler gun.

Important Safety Information: Always wear appropriate personal protective equipment, such as safety glasses, when operating the stapler gun. Keep hands and fingers clear of the stapling mechanism. Ensure the tool is unloaded and locked when not in use or during maintenance.

2. SETUP AND LOADING STAPLES

The STANLEY TR110 stapler gun is compatible with heavy-duty staples ranging from 1/4-inch (6mm) to 9/16-inch (14mm). For optimal performance, use STANLEY TRA700 series staples.

2.1 Loading Staples

1. **Ensure Safety:** Always point the stapler away from yourself and others. Engage the handle lock if available.
2. **Open the Magazine:** Locate the staple pusher rod at the rear of the stapler. Press the release button or pull the rod out until the magazine opens.
3. **Insert Staples:** Place a strip of staples into the magazine with the staple points facing downwards. Ensure the staples are seated correctly.
4. **Close the Magazine:** Push the staple pusher rod back into the stapler until it locks securely. The spring mechanism should apply pressure to the staples.
5. **Test Fire:** Before use on your project, test fire the stapler on a scrap piece of material to ensure proper loading and function.

2.2 Compatible Staple Sizes

- 1/4" (6mm)
- 3/8" (10mm)
- 1/2" (12mm)
- 9/16" (14mm) - *Note: While the product description mentions 9/16", the image only shows up to 1/2". Please refer to your product packaging for exact compatibility.*

3. OPERATING INSTRUCTIONS

Follow these steps for safe and effective operation of your STANLEY TR110 stapler gun.

1. **Prepare Work Area:** Ensure your work surface is stable and clear of obstructions. Identify the material you will be stapling into.
2. **Position the Stapler:** Place the nose of the stapler firmly against the material where you intend to drive a staple. Apply even pressure.
3. **Fire the Staple:** Squeeze the handle firmly and completely to drive the staple. A full squeeze is necessary for proper staple penetration.
4. **Inspect Work:** After firing, check that the staple is fully seated. If not, adjust your technique or consider a different staple length for the material.
5. **Engage Handle Lock:** When finished or taking a break, always engage the handle lock for safe storage and to prevent accidental firing.

Note on Force: This stapler requires a firm squeeze to operate. Users with smaller hands or limited grip strength may find it challenging. Ensure you have adequate strength to operate the tool safely and effectively. Avoid applying excessive force that could lead to loss of control.

4. MAINTENANCE

Regular maintenance ensures the longevity and reliable performance of your stapler gun.

- **Cleaning:** Periodically wipe down the stapler gun with a clean, dry cloth to remove dust and debris. Avoid using harsh chemicals or solvents.
- **Lubrication:** Apply a small amount of light machine oil to moving parts, such as the handle pivot points and the staple pusher rod, to ensure smooth operation. Do not over-lubricate.
- **Storage:** Store the stapler gun in a dry, secure location, out of reach of children. Always engage the handle lock before storage.
- **Inspection:** Before each use, inspect the stapler for any signs of damage, loose parts, or wear. Do not use a damaged tool.

5. TROUBLESHOOTING

5.1 Clearing a Staple Jam (Quick-Jam Clear Mechanism)

The TR110 features a Quick-Jam Clear mechanism to quickly resolve staple jams.

1. **Ensure Safety:** Disengage the handle lock and point the stapler away from yourself.
2. **Open Magazine:** Follow the steps for "Open the Magazine" as described in Section 2.1.
3. **Remove Jammed Staples:** Carefully remove any bent or jammed staples from the magazine and the firing channel. Use pliers if necessary, but avoid forcing components.
4. **Close Magazine:** Reinsert the staple pusher rod and ensure it locks securely.
5. **Test Fire:** Test fire on scrap material to confirm the jam is cleared.
