MINI Cooper UV Sunshade Instruction Manual

Models: R50, R52, R53, R55, R56, R57 | Part Number: 82110035953

1. PRODUCT OVERVIEW

The MINI Cooper UV Sunshade is a genuine OEM accessory designed to protect your vehicle's interior from harmful UV rays and reduce cabin temperatures. Manufactured from durable polyester and vinyl materials, this foldable sunshade is engineered to fit the windshields of specific MINI Cooper models, ensuring optimal coverage and performance.

This sunshade is a custom-fit solution, designed to meet the exact specifications for fit, form, and function for your MINI vehicle.

2. SETUP INSTRUCTIONS

1. **Unfolding the Sunshade:** Carefully remove the sunshade from its storage case. The sunshade is designed to unfold into a rigid, multi-panel structure.
2. **Positioning in Windshield:** Place the unfolded sunshade against the interior of your vehicle's windshield. Ensure the reflective side faces outwards towards the sun. The sunshade is custom-shaped to fit the contours of the MINI windshield.
3. **Adjusting Around Rearview Mirror:** Due to its rigid design, you may need to slightly maneuver the sunshade around the rearview mirror assembly. It may be necessary to temporarily adjust the rearview mirror's position to properly seat the sunshade. Re-adjust the mirror once the sunshade is in place.
4. **Securing with Sun Visors:** Lower your vehicle's sun visors to hold the sunshade firmly against the windshield. For a more secure fit and to minimize light gaps, unclip the visors from their central clips and pull them down slightly to press against the sunshade more tightly. This helps to hold the sunshade snugly in place.

Image 2.1: The MINI Cooper UV Sunshade correctly installed in a vehicle's windshield, secured by the sun visors.

3. OPERATING INSTRUCTIONS

To use the MINI Cooper UV Sunshade, follow the setup instructions daily when parking your vehicle in direct sunlight. When not in use, the sunshade is designed for convenient storage.

1. **Deployment:** Unfold the sunshade and place it against the windshield, securing it with the sun visors as described in the Setup section.
2. **Removal:** Release the sun visors, carefully remove the sunshade from the windshield, and fold it back into its compact form.

3. **Storage:** Place the folded sunshade into the provided storage case. The compact size allows for storage in the backseat, seat-back pockets, or trunk of your MINI.

4. MAINTENANCE

Proper care will extend the life and effectiveness of your UV sunshade.

- **Cleaning:** The sunshade is made of polyester and vinyl. To clean, wipe the surfaces with a soft, damp cloth. For stubborn spots, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Drying:** Allow the sunshade to air dry completely before folding and storing to prevent mildew or odors.
- **Storage:** Always store the sunshade in its provided case when not in use. This protects it from dust, dirt, and potential damage, maintaining its appearance and structural integrity.

5. TROUBLESHOOTING

- **Sunshade Does Not Fit Perfectly:** While designed for a custom fit, minor variations in windshields or installation technique can occur. Ensure the sunshade is centered and fully extended. Adjusting the sun visors as described in the Setup section (unclipping and pulling down) can often improve the fit and reduce gaps. A small gap at the very top, often obscured by the rearview mirror or rain sensor, is normal for some installations.
- **Difficulty Folding/Unfolding:** The sunshade has a rigid, multi-panel design. If you experience difficulty, ensure you are folding along the pre-defined creases. Do not force the sunshade, as this may cause damage.
- **Reduced Effectiveness:** Ensure the reflective side is facing outwards. If the sunshade appears less effective, check for any large gaps around the edges or obstructions that might be preventing full coverage.

6. SPECIFICATIONS

Brand	MINI
-------	------

Part Number	82110035953
Compatible Models	MINI Cooper R50, R52, R53, R55, R56, R57
Color	Silver
Material	Polyester, Vinyl
Closure Type	Foldable
Folded Dimensions (Approx.)	30.75"L x 8"W

7. WARRANTY AND SUPPORT

This product is a genuine MINI OEM part. For specific warranty information or technical support, please refer to the documentation provided with your vehicle or contact an authorized MINI dealership or service center. You can also visit the official MINI website for customer support resources.

For further assistance, please contact MINI customer service directly.
