

KitchenAid KP26M1XER

KitchenAid Pro 600 Series 6-Quart Bowl-Lift Stand Mixer Instruction Manual

Model: KP26M1XER | Brand: KitchenAid

1. PRODUCT OVERVIEW

The KitchenAid Professional 600 Series 6-Quart Bowl-Lift Stand Mixer is a powerful and versatile appliance designed for demanding kitchen tasks. Its robust construction and high-capacity bowl make it ideal for preparing large quantities of dough, batters, and more.

Key Features:

- 10 different attachments (standard attachments included, others sold separately).
- Durable bowl-lift design for stability.
- 6-quart stainless steel bowl with comfortable handle.
- Powerful motor for efficient mixing, kneading, and whipping.

2. SETUP

Before first use, ensure all packaging materials are removed. Place the mixer on a clean, dry, and stable countertop.

Attaching the Mixing Bowl:

1. Ensure the mixer is unplugged and the speed control is set to 'Off'.
2. Raise the bowl-lift lever to the up position.
3. Place the 6-quart stainless steel mixing bowl onto the bowl-holding plates.
4. Press down on the back of the bowl until the bowl pin snaps into the spring latch.
5. Lower the bowl-lift lever to the down position to secure the bowl.

Figure 2: Front view of the mixer with the bowl attached, highlighting the secure fit.

Attaching Accessories:

1. Ensure the mixer is unplugged and the speed control is set to 'Off'.
2. Slide the accessory (flat beater, wire whip, or dough hook) onto the beater shaft.
3. Rotate the accessory counter-clockwise until it hooks over the pin on the shaft.

Figure 3: The mixer with its standard attachments, ready for use.

3. OPERATING INSTRUCTIONS

Speed Control:

The mixer features a 10-speed control slide located on the side of the head. Adjust the speed according to your recipe's requirements, from a gentle stir (Speed 1) to a fast whip (Speed 10).

Using the Bowl-Lift:

The bowl-lift lever allows you to raise and lower the mixing bowl for easy access to ingredients and attachments. Always ensure the bowl is securely locked in place before operating the mixer.

Pouring Shield:

The included pouring shield helps prevent ingredients from splattering during mixing and provides a convenient chute for adding ingredients while the mixer is running.

Figure 4: The pouring shield in place, demonstrating its function for clean and easy ingredient addition.

4. MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and optimal performance of your KitchenAid Stand Mixer.

Cleaning the Mixer:

- Always unplug the mixer before cleaning.
- Wipe the mixer head and base with a soft, damp cloth. Do not immerse the mixer in water.
- The stainless steel bowl, wire whip, and burnished PowerKnead™ Spiral Dough Hook and Flat Beater are generally dishwasher safe. However, always refer to the specific care instructions for each attachment.

5. TROUBLESHOOTING

If you encounter issues with your mixer, refer to the following common problems and solutions:

- **Attachments not fitting or locking:** Ensure the bowl is correctly seated and the bowl-lift lever is in the appropriate position. Some users report that new bowls may require a firm push to snap into place.
- **Coating flaking from beaters:** This can occur with coated aluminum attachments over time. Consider replacing flaking beaters with stainless steel alternatives for durability and food safety.
- **Unusual motor noise:** While professional series mixers can be louder due to their powerful motors, excessive or unusual noise may indicate an issue. Ensure the mixer is on a stable surface and not overloaded. If noise persists, consult customer support.

6. SPECIFICATIONS

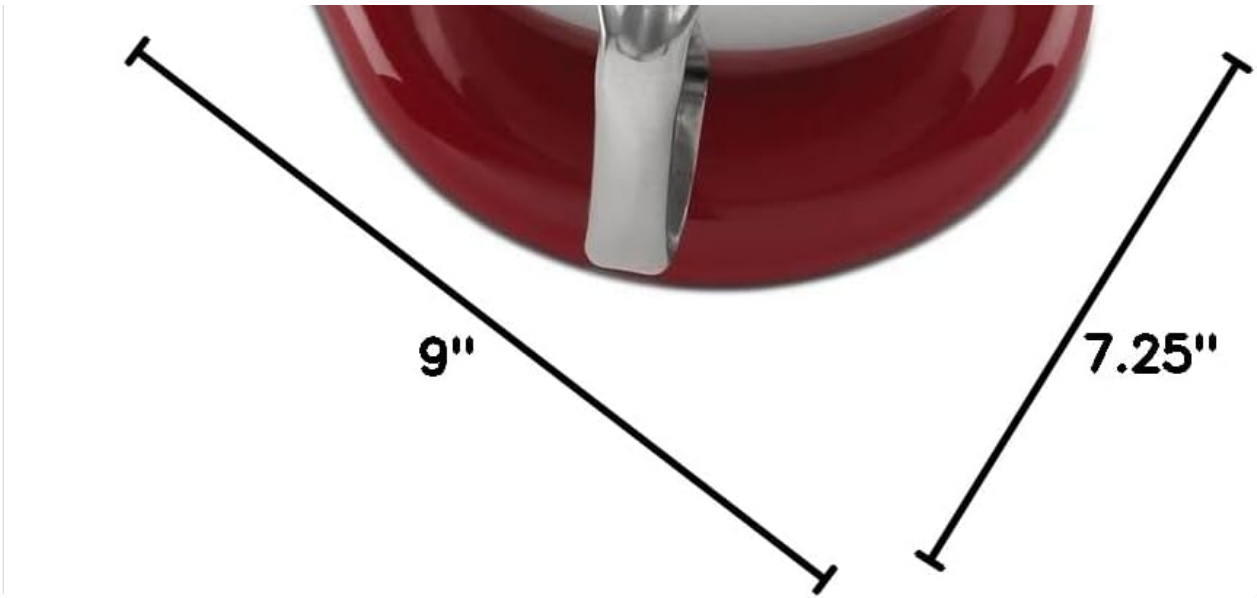

Figure 5: Product dimensions for planning counter space.

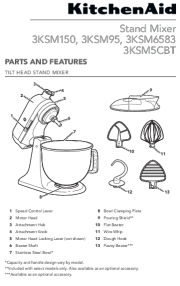

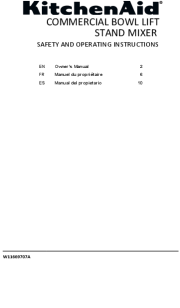

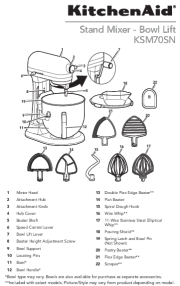

Attribute	Value
Brand	KitchenAid
Model Name	Pro 600 Series
Item Model Number	KP26M1XER
Color	Empire Red
Capacity	6 Quarts
Product Dimensions	14.5"D x 11.25"W x 16.5"H
Item Weight	25 Pounds
Blade Material	Stainless Steel
Is Dishwasher Safe	No (for main unit, attachments may vary)

7. WARRANTY AND SUPPORT

For detailed warranty information and customer support, please refer to the official KitchenAid website or the full User Manual PDF provided with your product.
