Majorette Garage Motor City Plus Playset Instruction Manual

1. INTRODUCTION

Thank you for choosing the Majorette Garage Motor City Plus Playset. This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your new playset. Please read these instructions carefully before assembly and retain them for future reference to ensure a safe and enjoyable experience.

2. PRODUCT OVERVIEW

The Majorette Garage Motor City Plus is a multi-level parking garage playset designed for imaginative vehicle play. It features multiple parking levels, connecting ramps, a ground-level track, fuel pumps, a car wash area, and a helipad.

Image: The Majorette Garage Motor City Plus playset, showcasing its multi-level structure, connecting ramps, ground-level track, fuel pumps, and a helipad on the top level. Several toy cars are visible on the ramps and track.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. The package should contain:

- Garage base and multi-level platforms
- Connecting ramps
- Track pieces for ground level
- Fuel pump accessories
- Signage and decorative elements
- 1 toy vehicle
- Instruction manual

If any parts are missing or damaged, please contact Majorette customer support.

4. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Majorette Garage Motor City Plus playset:

1. Step 1: Prepare the Base

Place the main garage base piece on a flat, stable surface. Ensure there is enough space around the playset for the track layout.

2. Step 2: Assemble Garage Levels

Attach the first level platform to the base, ensuring the connectors click securely into place. Repeat for subsequent levels, following the diagrams in the manual (if provided with physical product).

3. Step 3: Connect Ramps

Connect the various ramps between the garage levels and to the ground level. Ensure all ramp connections are firm to allow vehicles to move smoothly.

4. Step 4: Lay Out the Track

Connect the ground-level track pieces to form a continuous loop or desired configuration around the garage base. Ensure all track connections are secure.

5. Step 5: Add Accessories

Attach the fuel pumps, signs, and any other decorative elements to their designated spots on the playset.

6. Step 6: Final Check

Inspect all connections to ensure the playset is stable and all parts are securely attached before play begins.

5. OPERATING YOUR PLAYSET

The Majorette Garage Motor City Plus is designed for interactive play with Majorette vehicles or similar small toy cars.

- **Parking Levels:** Use the ramps to drive vehicles up to the various parking levels.
- **Ramps:** Vehicles can descend the ramps from upper levels to the ground track.
- **Fuel Pumps:** Position vehicles next to the fuel pumps for imaginative refueling scenarios.
- **Car Wash:** Utilize the designated car wash area for pretend vehicle cleaning.
- **Helipad:** The top level features a helipad for toy helicopters (not included) to land and take off.
- **Ground Track:** Drive vehicles along the ground-level track for racing or connecting to other playsets.

6. MAINTENANCE AND CARE

To ensure the longevity of your playset, follow these simple care instructions:

- **Cleaning:** Wipe the playset with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the plastic.
- **Storage:** Store the playset in a dry, cool place away from direct sunlight to prevent material degradation and color fading.
- **Inspection:** Periodically check all connections and parts for wear or damage. Replace any broken parts immediately to ensure safe play.

7. TROUBLESHOOTING

If you encounter any issues with your playset, refer to the following common solutions:

- **Parts Not Fitting:** Ensure you are using the correct parts for each step as indicated in the assembly instructions. Apply gentle, even pressure when connecting pieces. Do not force parts together.
- **Playset Instability:** Double-check all connections, especially the base and level platforms, to ensure they are fully clicked into place. Ensure the playset is on a flat, level surface.
- **Vehicles Getting Stuck:** Verify that all ramp and track pieces are correctly aligned and securely connected, creating a smooth path for vehicles.

If problems persist, please contact Majorette customer support for further assistance.

8. SPECIFICATIONS

Product Dimensions	23.23 x 14.57 x 11.02 inches
Item Weight	2.34 pounds
Item Model Number	20580300
Manufacturer Recommended Age	0 - 3 years
Brand	Majorette

9. WARRANTY AND SUPPORT

Majorette products are manufactured to high-quality standards. For information regarding warranty coverage, please refer to the warranty card included with your purchase or visit the official Majorette website.

For customer support, missing parts, or technical assistance, please contact Majorette customer service through their official website or the contact information provided on the product packaging.

Please have your model number (20580300) and proof of purchase ready when contacting support.
