## Jonti-Craft 5145JC

# Jonti-Craft 5145JC Diaper Changer with Stairs, Left - Instruction Manual

## 1. PRODUCT OVERVIEW

---

The Jonti-Craft 5145JC Diaper Changer with Stairs, Left, is a robust and safe baby changing station designed for various environments including homes, daycares, and schools. This unit features a durable plastic top for easy cleaning, lockable glide-out stairs with safety treads, and extra-deep rails that exceed safety standards. It also includes a convenient pull-out paper dispenser and ample storage with 11 clear Cubbie-Trays behind lockable doors. A changing pad is included with the unit.

## 2. SAFETY FEATURES

- **Deep Rails & Safety Treads:** The changing surface is equipped with four raised sides and safety treads on the stairs to protect children during diaper changes.
- **Rounded Edges and Corners:** All edges and corners are rounded to prevent injuries.
- **KYDZSafe Design:** Features like appropriate depth prevent tipping, ensuring stability.
- **KYDZ Hinges:** Proprietary hinges are designed to prevent small fingers from being pinched.
- **Lockable Stairs:** The glide-out stairs can be securely locked in place when not in use.
- **Kickplates:** Integrated kickplates prevent toes from getting pinched under the unit.

### 3. ASSEMBLY AND SETUP

The Jonti-Craft 5145JC Diaper Changer requires minimal assembly. Detailed instructions are provided with the product for simple installation. Key steps include:

1. Attach the base of the changing table.
2. Install the door handles for the storage cubbies.
3. Attach the lock mechanism for the stairs.

Ensure all components are securely fastened before use to maintain stability and safety.

### 4. OPERATION AND USAGE

#### 4.1 Using the Stairs

The unit features glide-out stairs on the left side, designed for easy access for children. To extend the stairs, gently pull them out until they lock into place. Ensure the stairs are securely locked before a child uses them. To retract the stairs, push down on the lever located near the top step and slide the stairs back into the unit. This helps save space and prevents unsupervised access.

Figure 4: Close-up of the stair lever for extending and retracting the stairs.

## 4.2 Diaper Changing Area

Place the included changing pad on the plastic top. The deep rails provide a secure boundary. Always keep one hand on the child while changing to prevent falls. The pull-out paper dispenser (paper not included) is located for easy access to disposable paper for hygiene.

### **4.3 Storage**

The unit includes 11 clear Cubbie-Trays located behind lockable doors, providing ample space for diapers, wipes, clothes, and other supplies. Organize items for quick and easy access during changes.

## **5. MAINTENANCE**

The Jonti-Craft 5145JC Diaper Changer is constructed with durable wood and a plastic top that is easy to clean. The KYDZ Tuff finish allows for markers to be easily wiped clean, ensuring the unit maintains its appearance over time.

- Regularly wipe down all surfaces with a mild soap and water solution.
- For stubborn marks, use a non-abrasive cleaner suitable for wood and plastic surfaces.
- Inspect the stairs, locks, and hinges periodically for any signs of wear or damage.
- Ensure all screws and fasteners remain tight.

## 6. TROUBLESHOOTING

If you encounter any issues with your Jonti-Craft 5145JC Diaper Changer, please refer to the following common solutions:

- **Stairs not gliding smoothly:** Check for any obstructions in the tracks. Ensure the tracks are clean and free of debris. A small amount of silicone lubricant can be applied if needed.
- **Stairs not locking:** Verify that the stairs are fully extended and the locking mechanism is engaged. Ensure no debris is preventing the lock from functioning correctly.
- **Doors not closing properly:** Check hinges for alignment and ensure no items in the cubbies are obstructing the door's path.

For persistent issues or concerns, please contact Jonti-Craft customer support.

## 7. SPECIFICATIONS
