illy E.S.E. Coffee Pods Classico Medium Roast (Model 7737) - Instruction Manual

For use with E.S.E. compatible espresso machines

1. INTRODUCTION

The illy E.S.E. (Easy Serving Espresso) Coffee Pods in Classico Medium Roast are designed to provide a convenient and consistent espresso experience. Each pod contains a precisely dosed and tamped measure of illy's distinctive 100% Arabica blend, sealed in filter paper to preserve its rich aroma and flavor. This manual outlines the proper use, storage, and care for your illy E.S.E. coffee pods.

2. PRODUCT FEATURES

- **Classico Medium Roast:** Offers a smooth and balanced flavor profile with notes of chocolate and caramel.
- **100% Arabica Coffee:** Made from a selection of the finest Arabica beans.
- **E.S.E. Compatibility:** Specifically designed for use with E.S.E. compatible espresso machines.
- **Single-Serve Convenience:** Each pod is individually packaged for freshness and ease of use, ensuring no mess and quick preparation.
- **Preservation:** The filter paper enclosure helps maintain the coffee's taste and freshness until brewing.

3. SETUP AND PREPARATION

Proper preparation ensures optimal espresso extraction and flavor.

1. **Unpack the Pod:** Carefully open the individual foil packaging of one illy E.S.E. pod.
2. **Insert into Portafilter:** Place the E.S.E. pod into the E.S.E. compatible portafilter basket of your espresso machine. Ensure the side with the illy logo (if present) faces upwards. Some machines may require wetting the filter slightly before inserting the pod for a better seal.
3. **Secure Portafilter:** Attach the portafilter to your espresso machine, ensuring it is securely locked in place according to your machine's instructions.

CLASSICO

MEDIUM ROAST

TASTE CHARACTERISTICS:

Smooth & velvety with notes of **caramel**, **orange blossom** and **jasmine**.

FLAVOR INTENSITY:

Video: An overview of illy coffee, highlighting its quality and heritage. This video demonstrates the brand's commitment to exceptional coffee.

4. OPERATING INSTRUCTIONS

Once the pod is correctly placed and the portafilter is secured, proceed with brewing:

1. **Place Cup:** Position your espresso cup beneath the portafilter spout.
2. **Start Brewing:** Activate the espresso brewing function on your E.S.E. compatible machine. The machine will extract the espresso through the pod.
3. **Monitor Extraction:** A typical espresso shot takes approximately 25-30 seconds to extract. Observe the flow and color of the espresso.
4. **Stop Brewing:** Stop the brewing process once the desired volume is reached, or the espresso begins to lighten in color, indicating over-extraction.

Certified

Corporation

Since our beginnings, a single, important detail has remained at the heart of our dedication to **quality**: our commitment to **sustainability**.

A promise we will never stop making with every choice, from production to caring for the **environment** and **communities**.

Video: This video showcases the illy blend and its origins, emphasizing the quality of Arabica coffees used. It provides context on the brand's dedication to flavor.

5. STORAGE AND MAINTENANCE

To maintain the quality and freshness of your illy E.S.E. pods:

- **Storage:** Store unused pods in their original sealed packaging in a cool, dry place, away from direct sunlight and strong odors.
- **Disposal:** After brewing, remove the used pod from the portafilter. E.S.E. pods are typically compostable, but check local regulations for proper disposal.
- **Machine Cleaning:** Regularly clean your espresso machine according to the manufacturer's instructions to prevent coffee residue buildup and ensure consistent performance.

Savor the rich, smooth flavor of our high quality **100% Arabica** coffee in every cup.

6. TROUBLESHOOTING

If you encounter issues while using your illy E.S.E. pods, consider the following:

- **No Crema or Weak Espresso:** Ensure the pod is correctly seated in the portafilter and that your machine is at the optimal brewing temperature. Verify that your machine is E.S.E. compatible.
- **Water Leaking Around Pod:** Check if the pod is properly aligned and sealed within the portafilter. The paper wrapping should extend to the edge to prevent water bypass.
- **Slow Extraction:** Ensure your machine's water pressure is adequate and that the portafilter and brewing head are clean and free of blockages.

7. SPECIFICATIONS

Brand Name	illy
Item Model Number	7737
Flavor	Classico Medium Roast
Coffee Roast Level	Medium Roast
Item Form	Capsule (E.S.E. Pod)
Caffeine Content	Caffeinated
Number of Pieces	18
Item Weight	0.13 Kilograms (4.62 ounces)
