Fieldpiece ANC4

Fieldpiece ANC4 Medium Single Meter Case User Manual

Model: ANC4 | Brand: Fieldpiece

1. PRODUCT OVERVIEW

The Fieldpiece ANC4 Medium Single Meter Case is designed to provide protection and portability for your hand-held test instruments. Manufactured by Fieldpiece Instruments, a company specializing in tools for HVACR technicians, this case is built to safeguard your valuable equipment during transport and storage. Its robust construction ensures durability in demanding environments.

Figure 1.1: Front view of the Fieldpiece ANC4 Medium Single Meter Case. The case features a blue nylon body with black sides and a black zipper. The Fieldpiece logo is prominently displayed on a black patch on the front.

2. KEY FEATURES

The ANC4 case is engineered with practical features to enhance its utility and durability:

- **Standard Single Meter Case:** Designed to fit a single hand-held meter securely.
- **Rugged Nylon Construction:** Provides excellent durability and resistance to wear and tear, suitable for professional use.
- **Inside Pocket:** Includes an internal pocket for storing small accessories such as thermocouples, test leads, or other small tools.
- **Double Zipper:** Features two zippers for smooth and reliable opening and closing from either side.
- **Belt Loop:** Integrated belt loop allows for convenient carrying on a belt, keeping your meter accessible.

3. SETUP AND INITIAL USE

The Fieldpiece ANC4 case requires minimal setup. Follow these steps to prepare your case for use:

1. **Unpack the Case:** Remove the ANC4 case from its packaging.
2. **Open the Zipper:** Use the double zipper to fully open the main compartment of the case.
3. **Insert Meter:** Carefully place your compatible single meter into the main compartment. Ensure it fits snugly without excessive force.
4. **Utilize Inside Pocket:** If needed, place small accessories like test leads or probes into the dedicated inside pocket for organized storage.
5. **Close the Zipper:** Securely close the case using the double zipper to protect the contents.

4. OPERATING INSTRUCTIONS

The ANC4 case is designed for straightforward operation, focusing on protecting and transporting your meter.

- **Carrying:** The case can be carried by hand or attached to a belt using the integrated belt loop for hands-free transport.
- **Protection:** Keep your meter inside the closed case when not in use or during transport to protect it from dust, dirt, minor impacts, and scratches.
- **Accessing Contents:** Open the double zipper to quickly access your meter or accessories.

5. MAINTENANCE AND CARE

Proper maintenance will extend the life of your Fieldpiece ANC4 case.

- **Cleaning:**
 - For light dirt, wipe the exterior with a damp cloth and mild soap.
 - Do not use harsh chemicals or abrasive cleaners, as these can damage the nylon material.
 - Allow the case to air dry completely before storing or using.
- **Zipper Care:**
 - If the zipper becomes stiff, apply a small amount of zipper lubricant or wax to the teeth.
 - Avoid forcing the zipper if it snags. Gently work it back and forth to clear any obstructions.
- **Storage:** Store the case in a cool, dry place away from direct sunlight when not in use.

6. TROUBLESHOOTING

While the ANC4 case is a simple accessory, here are some common issues and their solutions:

Problem	Possible Cause	Solution
Zipper sticks or is difficult to close.	Dirt or debris in zipper teeth; lack of lubrication; misaligned teeth.	Clean zipper teeth with a small brush. Apply zipper lubricant or wax. Gently work the zipper back and forth.
Case appears dirty or stained.	Accumulation of dirt or spills.	Wipe with a damp cloth and mild soap. Air dry completely.
Meter does not fit inside the case.	Meter is larger than the case's intended capacity.	Verify the dimensions of your meter against the case specifications. This case is designed for single, medium-sized meters.
