## 2. SAFETY INFORMATION

**WARNING:** To prevent drowning and serious injury, always supervise children. This product is not a life-saving device. Do not leave children unattended while the pool is in use. Empty the pool after use.

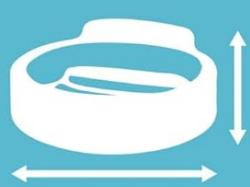

- Adult supervision is required at all times.
- Ensure the play center is set up on a level, soft surface, free from sharp objects.
- Do not allow diving or jumping into the pool.
- Keep children away from the drain plugs.
- Do not over-inflate the product.
- Only use the product with clean water.
- Regularly check for wear and tear. Do not use if damaged.
- Maximum weight recommendation for the slide is 178 lbs (80.74 kg).
- Recommended for children aged 2 years and up.

### **3. PACKAGE CONTENTS**

---

Verify that all components are present before beginning assembly:

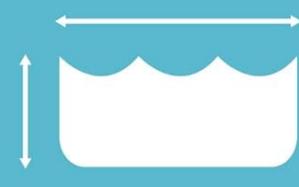

- Inflatable Ocean Play Center (main pool structure with slide)
- Inflatable Palm Tree
- Inflatable Turtle Toy
- Inflatable Whale Toy
- Ring Toss Game (inflatable stand and rings)
- Hose Attachment for built-in sprayer
- Repair Patch
- User Manual (this document)

**Dimensions**  
8ft 4in x 6ft 5in x 2ft 7in

**Weight Limit**  
178 lbs. (80.74kg.)

**Water Depth**  
Main Pool - 9 in  
Wading Pool - 4.5 in

## 4. SETUP INSTRUCTIONS

Approximate assembly time: 30 minutes.

- Choose a Location:** Select a flat, level area in your backyard, free from sharp objects, debris, or steep inclines. Ensure adequate space around the play center.
- Unfold the Play Center:** Carefully unfold the inflatable play center on the chosen surface.
- Inflate the Sections:**
  - Locate all inflation valves. The play center has multiple air chambers for stability.
  - Using an air pump (not included), inflate each section until it is firm to the touch but not over-inflated. Over-inflation can cause damage.
  - Inflate the main pool walls, the slide, the palm tree, and the separate inflatable toys (turtle, whale, ring toss game).

4. **Connect Water Sprayer:** Attach a standard garden hose to the built-in water spray connector. Ensure a secure connection to prevent leaks.
5. **Fill with Water:**
  - Begin filling the main pool with water. The main pool allows up to 9 inches of water.
  - The wading pool area allows for 4.5 inches of water.
  - Do not exceed the recommended water levels.
6. **Adjust Water Flow:** Use the control valve on the hose attachment to adjust the water flow to the built-in sprayer.

Image 4.1: The play center with its built-in sprayer activated, creating a fun water experience.

## 5. OPERATING INSTRUCTIONS

Once set up, the Intex Ocean Play Center offers various activities:

- **Water Slide:** Children can slide down into the main pool area. Ensure the slide is wet for smooth sliding.

- **Built-in Sprayer:** Connect a garden hose to activate the sprayer, which keeps the surface cool and adds to the fun. Adjust water flow as desired.
- **Ring Toss Game:** Use the inflatable ring toss stand and rings for interactive play.
- **Inflatable Toys:** The included turtle and whale toys can float in the water for imaginative play.
- **Wading Pool:** The smaller wading pool area is suitable for younger children, with a shallower water depth.

Image 5.1: A child enjoying the wading pool, demonstrating the shallow water depth suitable for young users.

## 6. MAINTENANCE

---

Proper maintenance ensures the longevity of your play center:

- **Draining:** The play center is equipped with drain plugs in both pools for convenient emptying. Open the plugs to release water.
- **Cleaning:** After each use, clean the play center with mild soap and water. Rinse thoroughly and allow to air dry completely before deflating and storing.

- **Storage:** Deflate all sections and ensure the play center is completely dry before folding. Store in a cool, dry place away from direct sunlight and pests.
- **Repair:** In case of small punctures, use the included repair patch. Clean the damaged area, apply the patch firmly, and allow sufficient time to cure before re-inflating.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Play center deflates quickly.	Puncture or loose valve cap.	Check all valve caps are securely closed. Inspect the surface for punctures and use the repair patch if necessary.
Water sprayer not working or weak flow.	Hose not connected properly, low water pressure, or clogged nozzle.	Ensure garden hose is securely attached and water supply is fully open. Check for kinks in the hose. Clean any visible clogs in the sprayer nozzles.
Slide is not slippery enough.	Insufficient water on the slide surface.	Ensure the built-in sprayer is active and wetting the slide surface. Increase water flow if needed.

## 8. SPECIFICATIONS

- **Brand:** Intex
- **Model Number:** 57454EP
- **Product Dimensions:** Approximately 100" L x 77" W x 51" H (8ft 4in x 6ft 5in x 2ft 7in)
- **Material:** Durable Vinyl (12-gauge)
