# OttLite OTL13TCG Task Lamp User Manual

## 1. INTRODUCTION

This manual provides instructions for the safe and efficient use of your OttLite OTL13TCG Task Lamp. The OttLite TrueColor illumination technology is designed to provide a precise balance of contrast and brightness, helping to reduce eyestrain and accurately render colors for various tasks.

Key features of this lamp include its portable, fold-up design with a convenient carrying handle, a swivel base for flexible positioning, and an energy-efficient 13-watt compact fluorescent bulb.

## 2. SAFETY INFORMATION

Please read all safety instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Do not operate the lamp with a damaged cord or plug.
- Do not expose the lamp to water or moisture.
- Keep the lamp away from heat sources.
- Ensure the lamp is placed on a stable, flat surface.
- Unplug the lamp from the power outlet before cleaning or replacing the bulb.
- This lamp is intended for indoor use only.

## 3. SETUP

1. **Unpack the Lamp:** Carefully remove the OttLite OTL13TCG Task Lamp from its packaging. Inspect the lamp for any signs of damage.
2. **Unfold the Lamp:** The lamp features a fold-up design. Gently lift the handle and unfold the lamp until it is in an upright position. The shade will open as you unfold it.
3. **Position the Lamp:** Place the lamp on a stable surface. The swivel base allows for easy adjustment of the light direction.
4. **Connect to Power:** Plug the power cord into a standard electrical outlet.

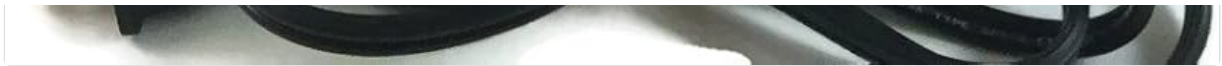

Figure 3.1: OttLite OTL13TCG Task Lamp in its folded, portable state.

Figure 3.2: The lamp partially unfolded, showing the shade mechanism.

## 4. OPERATING INSTRUCTIONS

1. **Turning On/Off:** The lamp features an automatic on/off switch activated by the shade. To turn the

lamp on, fully open the shade. To turn the lamp off, close the shade completely.

2. **Adjusting Light Direction:** The lamp's swivel base allows you to easily position the low-heat, low-glare illumination. You can use it parallel to the desktop, straight up to illuminate larger areas, or even attach it to a wall (mounting hardware not included).

## 5. MAINTENANCE

### 5.1 Cleaning

To clean the lamp, ensure it is unplugged from the power outlet. Use a soft, dry cloth to wipe down the exterior surfaces. Do not use abrasive cleaners or solvents, as these may damage the finish.

### 5.2 Bulb Replacement

The OttLite OTL13TCG Task Lamp uses a 13-watt compact fluorescent bulb (Type E), rated to last up to 10,000 hours. When the bulb needs replacement:

1. Unplug the lamp from the power source.
2. Carefully open the shade to access the bulb compartment.
3. Gently remove the old bulb by pulling it straight out. Avoid twisting if possible, as the plastic holder can be delicate.
4. Insert the new 13-watt Type E compact fluorescent bulb firmly into the socket.
5. Close the shade and plug the lamp back in to test.

## 6. TROUBLESHOOTING

- **Lamp does not turn on:**

- Ensure the power cord is securely plugged into a working electrical outlet.
- Verify that the shade is fully open, as this activates the on/off switch.
- Check if the bulb is properly seated in its socket. If the bulb is old, it may need replacement.

- **Light is flickering or strobing:**

- A flickering or strobing effect can sometimes occur. If persistent, try replacing the bulb. If the issue continues with a new bulb, contact customer support.

- **Lamp appears damaged:**

- If any part of the lamp, especially the bulb socket, appears damaged or broken, discontinue use and contact customer support for assistance.

## 7. SPECIFICATIONS

Feature	Detail
Manufacturer	OttLite (Environmental Lighting Concepts. Inc.)
Part Number	OTL13TCG
Item Model Number	TC10001

Item Weight	2.5 pounds
Product Dimensions	4.15 x 4.33 x 10.75 inches
Color	Dove Grey
Type of Bulb	Compact Fluorescent (Type E)
Power Input	120V, 60Hz, 0.3A
