Maintenance

Cleaning

- Wipe the surface with a soft, damp cloth.
- For stubborn marks, a mild soap solution can be used, followed by wiping with a clean, damp cloth to remove any soap residue.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- Ensure the clothes tree is completely dry after cleaning to prevent moisture damage.

General Care

- Periodically check the stability of the tree.
- Avoid placing the clothes tree in direct sunlight for extended periods, as this may cause fading of the orange color.
- Keep the product away from excessive heat sources or extreme temperature fluctuations.

Troubleshooting

This section addresses common issues you might encounter with your P'kolino Furniture Clothes Tree.

Problem	Possible Cause	Solution
Clothes tree wobbles or is unstable.	Uneven floor surface or uneven weight distribution.	Ensure the tree is placed on a flat, level surface. Redistribute items evenly across the branches to balance the weight.
Surface appears dull or dirty.	Accumulation of dust or dirt.	Clean the surface as described in the Maintenance section using a soft, damp cloth.
Items slide off branches easily.	Smooth texture of the branches or heavy/slippery items.	Ensure items are properly draped or hung. For very slippery items, consider using hangers if applicable, or place them on more secure branches.
