

## DaVinci M5501Q

# DaVinci Kalani 4-in-1 Convertible Baby Crib Instruction Manual

Model: M5501Q (Espresso Finish)

## 1. INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, maintenance, and conversion of your DaVinci Kalani 4-in-1 Convertible Baby Crib. The Kalani crib is designed to adapt to your child's growth, transitioning from a baby crib to a toddler bed, daybed, and eventually a full-size bed. Please read all instructions carefully before assembly and retain this manual for future reference.

For detailed assembly steps, please refer to the official installation manual PDF: [Download Installation Manual \(PDF\)](#)

## 2. SAFETY INFORMATION

Your child's safety is paramount. Always adhere to the following safety guidelines:

- Read all instructions before assembling the crib. Keep instructions for future use.
- Do not use this crib if any parts are missing, damaged, or broken. Contact DaVinci for replacement parts and instructional literature if needed. Do not substitute parts.
- Ensure all bolts, screws, and fasteners are securely tightened. Periodically check and re-tighten as necessary.
- The mattress used with this crib must be at least 27 1/4 inches (69 cm) by 51 5/8 inches (131 cm) with a thickness not exceeding 6 inches (15 cm).
- To prevent falls, when the child is able to pull to a standing position, set the mattress to the lowest position.
- Do not place the crib near windows where cords from blinds or drapes could strangle a child.
- Do not place items with a string or cord around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a crib or attach strings to toys.
- Never use plastic shipping bags or other plastic film as mattress covers because they can cause suffocation.
- Infants can suffocate on soft bedding. Never add a pillow or comforter. Never place additional padding under an infant.
- This crib is GREENGUARD Gold Certified, meaning it has been tested for over 10,000 chemical emissions and VOCs, ensuring a healthier indoor environment.

### 3. PRODUCT FEATURES

The DaVinci Kalani 4-in-1 Convertible Baby Crib offers the following key features:

- **4-in-1 Convertibility:** Easily transitions from a baby crib to a toddler bed, daybed, and full-size bed. (Toddler conversion kit M3099 and full-size conversion kit M4799 are sold separately).
- **GREENGUARD Gold Certified:** Tested for 10,000+ chemical emissions and VOCs, ensuring a safe and healthy environment.
- **Adjustable Mattress Heights:** Features four adjustable mattress positions to accommodate your child's growth stages.
- **Sustainable Materials:** Crafted from TSCA-Compliant, sustainably sourced New Zealand Pine wood.
- **Durable Construction:** Strong and sturdy design for long-lasting use.
- **Non-Toxic Finish:** Finished with lead- and phthalate-safe, non-toxic paint.

### 4. SETUP AND ASSEMBLY

Assembly of the DaVinci Kalani crib requires careful attention to the provided instructions. It is recommended to have two adults for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the parts list are present and undamaged.
2. **Prepare Workspace:** Assemble the crib in the room where it will be used to avoid moving it through narrow doorways. Place a blanket or carpet on the floor to prevent scratching the crib parts.
3. **Follow Manual:** Refer to the detailed step-by-step instructions in the [Installation Manual \(PDF\)](#) for specific assembly procedures, including attaching side rails, end panels, and the mattress support.
4. **Secure Fasteners:** Ensure all screws, bolts, and barrel nuts are tightened securely. Do not overtighten, as this may strip the wood.
5. **Final Check:** Before placing your child in the crib, double-check all connections to ensure stability and safety.

## 5. OPERATING INSTRUCTIONS

### 5.1 Adjustable Mattress Heights

The DaVinci Kalani crib features four adjustable mattress height positions to ensure safety and convenience as your child grows. Adjust the mattress support to the appropriate level based on your child's developmental stage:

- **Highest Position:** For newborns and infants who cannot push up on their hands and knees. This allows easier access to your baby.
- **Mid-High Position:** When your baby begins to roll over.
- **Mid-Low Position:** When your baby can sit up unassisted.
- **Lowest Position:** When your child can pull themselves to a standing position. This prevents them from climbing out of the crib.

Always ensure the mattress support is securely fastened at the desired height before placing your child in the crib.

## 6. CONVERSION INSTRUCTIONS

The Kalani crib can be converted into a toddler bed, daybed, and full-size bed. Each conversion requires specific steps and, for the toddler and full-size bed, additional conversion kits (sold separately).

### 6.1 Toddler Bed Conversion

To convert your crib to a toddler bed, you will need the DaVinci Toddler Conversion Kit (Model M3099, sold separately).

1. Remove the front rail of the crib.
2. Attach the toddler safety rail (M3099) to the crib's front side using the provided hardware and instructions from the conversion kit.
3. Ensure the mattress is at the lowest position for safety.

## 6.2 Daybed Conversion

Converting to a daybed does not require an additional kit.

1. Remove the front rail of the crib.
2. No toddler safety rail is installed for the daybed configuration.
3. Ensure the mattress is at the lowest position.

### **6.3 Full-Size Bed Conversion**

To convert your crib to a full-size bed, you will need the DaVinci Full-Size Conversion Kit (Model M4799, sold separately).

1. Disassemble the crib, removing both side rails and the mattress support.
2. Attach the full-size bed rails (M4799) to the headboard and footboard (which were the crib's end panels) using the provided hardware and instructions from the conversion kit.
3. Place a full-size mattress and box spring (not included) onto the bed rails.

## 7. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your DaVinci Kalani crib.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or strong detergents, as these can damage the finish.
- **Dusting:** Regularly dust with a soft, dry cloth.
- **Hardware Check:** Periodically check all screws, bolts, and fasteners to ensure they are tight. Retighten if necessary, but do not overtighten.
- **Storage:** If storing the crib, disassemble it according to the instructions and store all parts and hardware in a dry, temperature-controlled environment.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or cracking of the wood finish.

## 8. TROUBLESHOOTING

If you encounter issues with your DaVinci Kalani crib, consider the following common troubleshooting steps:

- **Wobbling or Instability:** Ensure all bolts and screws are fully tightened. Check that all parts are correctly aligned according to the assembly instructions.
- **Difficulty Adjusting Mattress Height:** Verify that the mattress support hooks are properly seated in the designated slots on the end panels. Ensure no obstructions are preventing smooth movement.
- **Missing Parts:** If any parts were missing upon delivery, contact DaVinci customer support immediately for replacements. Do not attempt to use the crib with missing components.
- **Damaged Parts:** If any part is damaged, do not use the crib. Contact DaVinci customer support for replacement parts.

For further assistance, refer to the official installation manual or contact DaVinci customer support.

## 9. SPECIFICATIONS

Feature	Detail
Model Number	M5501Q

Feature	Detail
Brand	DaVinci
Color	Espresso
Material	New Zealand Pine wood from sustainable forests
