Instruction Manual: Anagram International Radiant Birthday 50 Balloon

Model: 10046094

INTRODUCTION

This manual provides instructions for the proper setup, operation, and care of your 18-inch Radiant Birthday 50 foil balloon. This balloon is designed for celebratory occasions and is an excellent alternative for individuals with latex allergies.

Please read all instructions carefully before use to ensure safe and optimal performance.

Figure 1: Front view of the Anagram International Radiant Birthday 50 Balloon packaging.

SETUP

The Radiant Birthday 50 balloon is designed for easy inflation. It features a self-sealing valve for convenience.

Inflation Instructions:

1. **Prepare the Balloon:** Carefully remove the balloon from its packaging. Ensure the balloon is unfolded completely and free of any creases that might obstruct inflation.
2. **Locate the Valve:** Identify the self-sealing inflation valve, typically located at the bottom or side of the balloon.
3. **Inflate with Helium:** Insert the nozzle of a helium tank or an appropriate inflation device into the valve. Slowly inflate the balloon until it is firm but not taut. Over-inflation can cause the balloon to burst.
4. **Seal the Valve:** Once inflated, remove the nozzle. The self-sealing valve will automatically close, retaining the helium.

Figure 2: The Radiant Birthday 50 Balloon after proper inflation.

OPERATING (DISPLAY)

Once inflated, the balloon is ready for display. Due to its helium filling, it will float. You may attach a ribbon or string to the

tab near the inflation valve to secure it or to create a balloon bouquet.

- **Indoor Use:** For best results and longevity, display the balloon indoors in a stable environment.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight or extreme heat can cause the helium to expand and potentially burst the balloon.
- **Keep Away from Sharp Objects:** Ensure the balloon is not near any sharp edges or objects that could puncture it.

MAINTENANCE

Foil balloons are generally low maintenance. To maximize the float time and appearance of your balloon:

- **Temperature Control:** Keep the balloon in a room with a consistent, moderate temperature. Significant temperature fluctuations can cause the balloon to expand or contract, affecting its firmness.
- **Cleaning:** If the balloon gets dusty, gently wipe it with a soft, dry cloth. Do not use abrasive cleaners or excessive moisture.
- **Storage (if deflated):** If you wish to deflate and store the balloon for future use (though re-inflation may reduce float time), carefully insert a straw into the valve to release the air. Fold neatly and store in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Balloon does not inflate or deflates quickly.	Valve not properly sealed, puncture, or insufficient helium.	Ensure nozzle was fully inserted and removed correctly for self-seal. Check for small holes; use clear tape for minor punctures. Ensure adequate helium supply.
Balloon bursts during inflation.	Over-inflation.	Inflate slowly and stop when the balloon is firm but still has some give. Do not inflate until taut.
Balloon does not float.	Not enough helium, or filled with air instead of helium.	Ensure you are using helium. If already filled with helium, it may require more to achieve full buoyancy.

SPECIFICATIONS

- **Product Dimensions:** 18 x 0.2 x 18 inches (L x W x H)
- **Item Weight:** 0.32 ounces
- **Manufacturer:** Anagram International
- **Brand:** Amscan
- **Model Number:** 10046094
- **Global Trade Identification Number (GTIN):** 00026635160711
- **Size:** 18 inches
- **Color:** Multicolor
- **Material:** Foil (alternative to rubber/latex)
- **Number of Pieces:** 1
- **Assembly Required:** No (inflation only)
- **Batteries Required:** No

SAFETY INFORMATION

WARNING: This product contains small parts and is a choking hazard. Not suitable for children under 3 years. Adult supervision is required during inflation and use.

- Keep uninflated balloons and broken balloon pieces away from children.
- Discard broken balloons immediately.
- Do not inhale helium from the balloon. Helium is an asphyxiant and can cause serious injury or death.
- Keep balloons away from power lines and other electrical hazards.

DO NOT RELEASE OUTDOORS OR NEAR ELECTRIC POWER LINES - MAY CAUSE POWER OUTAGES.

WARNING:

Not suitable for children under 3 years. Small parts - **CHOKING HAZARD.**

ACHTUNG! Nicht für Kinder unter 3 Jahren geeignet. Kleine Teile - Erststickungsgefahr.

ATTENTION! Ne convient pas aux enfants de moins de 3 ans. Petits éléments - Danger d'étouffement.

AVVERTENZA! Non adatto a bambini di età inferiore a 3 anni. Piccole parti - Rischio di soffocamento.

¡ADVERTENCIA! No conveniente para niños menores de 3 años. Partes pequeñas - Peligo de atragantamiento.

WAARSCHUWING! Niet geschikt voor kinderen jonger dan 3 jaar. Kleine onderdelen - Verstikkingsgevaar.

ATENÇÃO! Contraindicado para crianças com menos de 3 anos. Pequenas partes - Risco de asfixia.

OSTRZEŻENIE! Nieodpowiednie dla dzieci w wieku poniżej 3 lat. Małe części - Niebezpieczeństwo udławienia się.

UPOZORNĚNÍ! Nevhodné pro děti do 3 let. Malé části - Nebezpečí zalknutí.

FIGYELMEZTETÉS! Csak 3 évnél idősebb gyermekek számára alkalmas. Kis alkatrészek - Fulladásveszély.

警告! 誤飲等の事故の危険がありますので3歳未満の取扱いは避けて下さい。

VAROITUS! Ei soveltu alle 3-vuotiaille lapsille. Pienät osia - Tukehtumisvaara.

VARNING! Inte lämplig för barn under 3 år. Små delar - Kvävningsrisk.

ADVARSEL! Ikke egnet til børn under 3 år. Små dele - Kvælningsfare.

ADVARSEL! Ikke egnet for barn under 3 år. Små deler - Kvelningsfare.

ВНИМАНИЕ! Не предназначено для детей в возрасте до 3 лет. Мелкие детали - опасность удушья.

ΠΡΟΕΙΔΟΠΟΙΗΣΗ! Δεν είναι κατάλληλο για παιδιά κάτω των 3 ετών. Μικρά μέρη - Κίνδυνος πνιγμού.
