ProFire PFVC48B

ProFire Vinyl Cover for 48-Inch Built-in Gas Grills with Side Burner Instruction Manual

Model: PFVC48B

Introduction

This manual provides instructions for the proper use and care of your ProFire Vinyl Cover, designed specifically for 48-inch built-in gas grills that include a side burner. This cover is engineered to protect your grill from environmental elements, ensuring its longevity and maintaining its appearance.

Setup and Installation

Before installing the cover, ensure your grill is completely cool and clean. Remove any debris or sharp objects from the grill surface that could potentially damage the cover.

1. **Unpack the Cover:** Carefully remove the vinyl cover from its packaging.
2. **Identify Orientation:** The cover is designed to fit 48-inch built-in grills with a side burner. Identify the section of the cover designed to accommodate the side burner.
3. **Position the Cover:** Begin by placing the cover over the side burner section of your grill.
4. **Drape Over Grill:** Gently pull the cover over the main grilling area, ensuring it drapes evenly over all surfaces of the grill.
5. **Secure Fit:** Adjust the cover to ensure a snug fit around the entire grill, including the front, back, and sides. The heavy-duty vinyl material should conform to the grill's contours.

Usage Guidelines

The ProFire Vinyl Cover is intended for outdoor use to protect your grill from various weather conditions and debris.

- **Regular Use:** Place the cover on your grill whenever it is not in use, especially during periods of inclement weather or extended storage.
- **Cool Grill Only:** Always ensure the grill is completely cool before applying the cover. Applying the cover to a hot grill can cause damage to the cover and potentially pose a fire hazard.
- **Ventilation:** While the cover provides protection, ensure adequate air circulation around the grill to prevent moisture buildup.

Care and Maintenance

Proper care will extend the life of your ProFire grill cover.

- **Cleaning:** Clean the cover periodically with mild soap and water. Use a soft brush or cloth to gently scrub away dirt and grime. Rinse thoroughly with clean water and allow it to air dry completely before reapplying to the grill or storing.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, bleach, or solvents, as these can damage the vinyl material.
- **Inspection:** Regularly inspect the cover for any signs of wear, tears, or damage. Promptly address small tears with a vinyl repair kit to prevent them from enlarging.
- **Storage:** If storing the cover for an extended period, ensure it is clean and dry. Fold it neatly and store it in a cool, dry place away from direct sunlight.

Troubleshooting

Problem	Possible Cause	Solution
Cover does not fit correctly.	Incorrect cover size or model.	Verify that you have the ProFire Vinyl Cover for 48-inch built-in gas grills with a side burner (Model PFVC48B). Ensure the side burner section is correctly aligned.
Moisture buildup under the cover.	Lack of ventilation or grill not completely dry before covering.	Ensure the grill is completely dry before covering. Periodically remove the cover to allow the grill to air out, especially after rain or high humidity.
Cover appears faded or brittle.	Prolonged exposure to harsh UV rays or improper cleaning.	Regular cleaning and avoiding harsh chemicals can prolong the cover's life. Consider applying a UV protectant specifically designed for vinyl if desired.

Specifications

Model: PFVC48B

Material: Heavy-duty Black Vinyl

Compatibility: ProFire 48-inch Built-in Gas Grills with Side Burner

Product Dimensions: Approximately 1 x 1 x 1 inches (packaged dimensions, actual cover dimensions are for 48-inch grill)
