Instruction Manual

BLINK TEARS LUBRICATING EYE DROPS

Model: 93408

Product Overview

BLINK Tears Dry Eye Lubricating Eye Drops are formulated to provide immediate soothing and long-lasting relief for mild to moderate dry eye symptoms. This unique formulation helps restore your tears' natural balance and maximizes hydration with every blink. The compact bottle design ensures portability for on-the-go use, keeping your eyes moisturized and comfortable.

Indications

For the temporary relief of burning, irritation, and discomfort due to dryness of the eye or exposure to wind or sun. May be used as a protectant against further irritation.

Ingredients

The active ingredient is Polyethylene Glycol 400 (0.25%), serving as an Eye Lubricant. Inactive ingredients include Boric Acid, Calcium Chloride, Magnesium Chloride, Potassium Chloride, Purified Water, Sodium Borate, Sodium Chloride, Sodium Chlorite (OcuPure Brand) as a Preservative, and Sodium Hyaluronate.

Image: Graphic emphasizing Hyaluronate as a hydration booster.

Directions for Use

Instill 1 or 2 drops in the affected eye(s) as needed.

For optimal application, gently pull down your lower eyelid to create a small pocket. Hold the dropper tip directly over your eye and squeeze the bottle to release the drops. Avoid touching the dropper tip to your eye or any other surface to prevent contamination. Close your eye gently for a few moments to allow the drops to spread evenly.

Storage and Handling

- Store at room temperature (15°C to 25°C or 59°F to 77°F).
- Keep the bottle tightly closed when not in use.
- Do not touch the dropper tip to any surface, including the eye, to avoid contamination.
- Keep out of reach of children.

Warnings and Precautions

Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

- Do not use if the solution changes color or becomes cloudy.
- If you experience eye pain, changes in vision, continued redness or irritation of the eye, or if the condition worsens or persists for more than 72 hours, discontinue use and consult a doctor.
- Do not use if the tamper-evident seal on the bottle is broken or missing.
- Remove contact lenses before using these drops.

Specifications

Feature	Detail
Brand	BLINK
Model Number	93408
Product Dimensions	1.26 x 2.08 x 4.27 inches
Item Weight	0.64 ounces (18.14 g)
Volume	1 Fl Oz (30mL)
Special Feature	Long-Lasting Hydration
Country of Origin	China

Troubleshooting

- Persistent Dryness:** If dry eye symptoms persist despite regular use, consult an eye care professional. Underlying conditions may require different treatment.
- Blurred Vision:** Temporary blurred vision may occur immediately after instilling drops. If blurring persists or worsens, discontinue use and seek medical advice.
- Allergic Reaction:** If you experience itching, swelling, or increased redness after using the drops, discontinue use immediately and consult a doctor, as this may indicate an allergic reaction.
- Difficulty Dispensing:** Ensure the dropper tip is not clogged. If the bottle is nearly empty, it may require more pressure to dispense drops.

Warranty and Support

For any questions, concerns, or support regarding your BLINK Tears Lubricating Eye Drops, please contact the manufacturer, BLINK, directly through their official website or customer service channels. Please refer to the product packaging for specific contact information and any applicable warranty details.
