3. Application Instructions

Achieve a professional-looking manicure by following these three simple steps:

1. Step 1: Prep with Base Coat

Apply one thin coat of OPI Natural Nail Base Coat to clean, prepped nails. This creates a smooth foundation for the color and helps extend the wear of your manicure.

4. Care and Maintenance

To maximize the longevity of your OPI Nail Lacquer manicure:

- Avoid harsh chemicals and prolonged water exposure immediately after application.
- Apply a fresh layer of OPI Top Coat every 2-3 days to refresh shine and extend wear.
- Store nail lacquer bottles in a cool, dry place away from direct sunlight to prevent thickening.
