Paul Neuhaus 4437-55

Paul Neuhaus Tila 4437-55 Halogen Table Lamp User Manual

1. Introduction

The Paul Neuhaus Tila 4437-55 is a modern table lamp designed for indoor use. It features an ECO-halogen G9 bulb with 28W power, providing efficient illumination. The lamp includes an integrated touch dimmer for adjustable brightness and a spherical matte opal glass shade. The base is constructed from durable brushed stainless steel, offering a sleek and stable design suitable for various living spaces.

2. Safety Instructions

- Always disconnect the lamp from the power supply before installation, cleaning, or maintenance.
- Do not touch the halogen bulb directly with bare hands. Oils from your skin can reduce bulb life. Use a clean cloth or gloves when handling.
- Ensure the lamp is placed on a stable, flat, and dry surface to prevent tipping.
- This lamp is designed for indoor use only. Do not expose it to moisture or extreme temperatures.
- Keep the lamp away from flammable materials.
- Do not attempt to modify the lamp or its electrical components. Refer all servicing to qualified personnel.
- Allow the bulb to cool completely before attempting to replace it.

3. Package Contents

Please check that all components are present and undamaged:

- Paul Neuhaus Tila 4437-55 Table Lamp (1 unit)
- G9 Halogen Bulb (1 unit)
- User Manual (this document)

4. Setup and Installation

1. Carefully unpack all components from the packaging.
2. Ensure the lamp is disconnected from any power source.
3. Gently insert the provided G9 halogen bulb into the lamp holder. Ensure it is fully seated and secure. Avoid touching the bulb glass with bare hands.
4. Place the lamp on your desired stable, flat surface.

5. Connect the power cord to a suitable 230V electrical outlet.

This image shows the Paul Neuhaus Tila 4437-55 table lamp. It features a spherical white opal glass shade resting on a brushed stainless steel base, ready for placement and use.

5. Operating Instructions

The Paul Neuhaus Tila 4437-55 lamp features an integrated touch dimmer for convenient control.

- **Turning On/Off:** Lightly touch any metal part of the lamp base to turn the lamp ON or OFF.
- **Dimming:** To adjust the brightness, touch and hold any metal part of the lamp base. The light will gradually dim or brighten. Release your finger when the desired brightness level is achieved.

6. Maintenance

- **Cleaning:** Before cleaning, ensure the lamp is unplugged and completely cool. Wipe the lamp with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or chemical sprays, as these can damage the finish or electrical components.
- **Bulb Replacement:**
    a. Disconnect the lamp from the power supply.
    b. Allow the existing G9 halogen bulb to cool down completely.
    c. Carefully pull the old G9 bulb straight out from its socket.
    d. Using a clean cloth or gloves, insert the new G9 halogen bulb by pushing it straight into the socket until it is firmly seated.
    e. Reconnect the lamp to the power supply.

7. Troubleshooting

- **Lamp does not turn on:**
    - Check if the power cord is securely plugged into the wall outlet and the lamp.
    - Verify that the wall outlet is functional by testing it with another appliance.
    - Ensure the G9 bulb is correctly installed and not faulty. Replace the bulb if necessary.
- **Dimmer is not responding:**
    - Ensure the touch sensor area (metal base) is clean and free from obstructions or moisture.
    - Try unplugging the lamp for a few minutes and then plugging it back in to reset the touch sensor.
