## Simba 4355402

### Simba 4355402 Superplay Black Castle Instruction Manual

Model: 4355402

#### PRODUCT OVERVIEW

The Simba Superplay Black Castle is a toy playset designed for imaginative play. It features a detailed black castle structure with four towers, four gates, and a central house. The set includes various figures and accessories to enhance the play experience.

#### SAFETY INFORMATION

- **Warning:** Not suitable for children under 3 years (36 months) due to small parts which may present a choking hazard.
- Adult supervision is recommended during assembly and play to ensure safe use.
- Keep all packaging materials, such as plastic bags and ties, away from children to prevent suffocation.
- Ensure all parts are securely connected during assembly to prevent accidental detachment during play.

#### PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly.

Image: All components included in the Simba Superplay Black Castle set. This includes the main castle structure, three knight figures, one horse, a cannon with six projectiles, ladders, flags, and various weapons.

- Black Castle structure (walls, 4 towers, 4 gates, house)
- 3 Knight figures
- 1 Horse
- 1 Cannon with 6 projectiles
- Various accessories (flags, ladders, swords, axe, shield)

## SETUP AND ASSEMBLY

Assembly is required for the Black Castle. Follow these general steps. It is recommended to refer to the product packaging for visual guidance as the included paper instructions may be difficult to follow.

1. Unpack all components from the box and lay them out on a clean, flat surface.
2. Identify the main castle wall sections. Connect these sections to form the base structure of the castle. Ensure all connections click securely into place.
3. Attach the four towers to the designated corners or sections of the castle walls. Verify that each tower is firmly seated.
4. Install the four gates into their respective openings within the castle walls.
5. Assemble the central house structure and integrate it into the castle.
6. Attach the drawbridge mechanism. This step may require careful alignment to ensure smooth operation.
7. Place the flags and banners onto the castle towers and walls as desired.
8. Position the ladder against the castle walls for access to different levels.
9. Prepare the cannon by loading the projectiles.

### Important Note:

User feedback indicates that the printed assembly instructions may be unclear. It is highly recommended to use the images on the product packaging as a primary visual guide for assembly. The castle can typically be assembled intuitively in approximately 10-20 minutes.

## OPERATING AND PLAY

The Simba Superplay Black Castle is designed to encourage imaginative and creative play.

- Position the knight figures and horse within the castle walls, on the battlements, or outside the gates to create various scenarios.
- Use the cannon to simulate battles. Load a projectile into the cannon and press the firing mechanism to launch it.
- Open and close the castle gates and operate the drawbridge to control access to the castle.
- Arrange the included accessories (weapons, flags) to customize the castle and enhance play.

## MAINTENANCE

- **Cleaning:** To clean the castle and its accessories, wipe them with a damp cloth. Do not use harsh chemicals, abrasive cleaners, or immerse the toy in water.
- **Storage:** Store the playset in a dry, cool place away from direct sunlight when not in use. For long-term storage, the castle can be partially disassembled to save space.
- **Inspection:** Periodically inspect all parts for any signs of damage, cracks, or wear. Discontinue use if any part is broken or compromised to prevent injury.

## TROUBLESHOOTING

- **Difficulty with Assembly:** If you encounter issues during assembly, refer to the images on the product packaging for clearer visual instructions. Ensure all pieces are correctly oriented before attempting to connect them. Some connections may require a firm push or
