## Bayrol 11 15411

# Bayrol Randfix 11 15411 Pool Edge Cleaner User Manual

Brand: Bayrol | Model: 11 15411

## 1. INTRODUCTION

Bayrol Randfix is a specialized cleaning product designed for the effective removal of dirt, grease, and soot buildup from the edges of swimming pools. Its advanced formula ensures enhanced cleaning performance, helping to maintain the pristine appearance of your pool.

### Key Benefits:

- Efficiently eliminates soot and greasy residues.
- Formulated to be gentle on various pool materials while providing high effectiveness.
- Supplied in a practical spray bottle for convenient and ready-to-use application.

---

## 2. SAFETY INFORMATION

This product complies with EC GefStoffV directives. Always use biocides with caution. It is crucial to read the label and product information thoroughly before each use to ensure safe handling and application.

### Hazard Statements:

- **H315:** Causes skin irritation.
- **H319:** Causes serious eye irritation.

### General Safety Precautions:

- Keep out of reach of children and pets.
- Avoid contact with skin and eyes. Wear appropriate protective gloves and eye protection (e.g., safety glasses) during handling and application.
- In case of contact with skin, wash immediately with plenty of soap and water.
- In case of contact with eyes, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, seek medical advice/attention.
- Do not ingest. If swallowed, seek medical advice immediately and show this container or label.
- Ensure adequate ventilation when using the product.

---

## 3. SETUP

Before beginning the cleaning process, ensure you have all necessary items and prepare the area for optimal results and safety.

- 1. Personal Protective Equipment:** Put on protective gloves and eye protection to prevent skin and eye contact with the cleaner.
- 2. Ventilation:** Ensure the pool area is well-ventilated, especially if working in an enclosed space.
- 3. Water Level Adjustment (Optional):** If the dirt line is very close to the water surface or partially submerged, it may be beneficial to lower the pool's water level slightly to fully expose the dirty edge.
- 4. Gather Cleaning Tools:** Have a clean cloth or sponge ready for wiping.

## 4. OPERATING INSTRUCTIONS

Follow these steps for effective cleaning of your pool edges using Bayrol Randfix.

- 1. Apply the Product:** Simply spray Bayrol Randfix directly and evenly onto the dirty edge of the pool.
- 2. Allow to Act:** Let the product work for a short period. The exact contact time may vary depending on the type and severity of the dirt. Do not let the product dry on the surface.
- 3. Wipe Clean:** Using a clean cloth or sponge, wipe off the loosened dirt and product residue from the pool edge.
- 4. Rinse:** Rinse the cleaned area thoroughly with water, preferably pool water, to remove any remaining cleaner or dirt particles.

## 5. MAINTENANCE

Proper maintenance and storage of your cleaning product will ensure its longevity and effectiveness.

- **Regular Cleaning:** Implement a routine for cleaning pool edges to prevent heavy buildup, which makes future cleaning tasks easier and less time-consuming.
- **Product Storage:** Store Bayrol Randfix in its original container, in a cool, dry place, away from direct sunlight and extreme temperatures (freezing or excessive heat).
- **Container Sealing:** Ensure the spray bottle is tightly closed after each use to prevent evaporation and maintain product efficacy.
- **Disposal:** Dispose of empty containers and any unused product according to local regulations for chemical waste.

---

## 6. TROUBLESHOOTING

If you encounter issues while using Bayrol Randfix, refer to the following common problems and solutions.

- **Problem:** Dirt or stains are not completely removed after the first application.  
**Solution:** Reapply Bayrol Randfix to the stubborn areas. Allow a slightly longer contact time before wiping. For very persistent stains, a gentle scrubbing with a pool-safe brush or slightly abrasive sponge may be necessary.
- **Problem:** Skin or eye irritation occurs during or after use.  
**Solution:** Immediately stop use. Rinse the affected skin area with plenty of soap and water. For eye contact, rinse cautiously with water for several minutes. If irritation persists or worsens, seek immediate medical attention. Always ensure proper protective equipment is worn.
- **Problem:** Product appears less effective than usual.  
**Solution:** Check the product's expiry date. Ensure the product has been stored correctly in a cool, dry place, away from direct sunlight. Ensure the surface is dry before application for maximum concentration.
