Bloem SDC16-46

Bloem SDC16-46 Dura Cotta Plant Saucer Instruction Manual

Model: SDC16-46 | Brand: Bloem

INTRODUCTION

The Bloem SDC16-46 Dura Cotta Plant Saucer is designed to effectively collect excess water drainage from plant pots, protecting your floors and surfaces from water damage and stains. Its traditional deep design and durable plastic construction ensure long-lasting performance for both indoor and outdoor use. This manual provides essential information on the proper setup, operation, and maintenance of your plant saucer.

Image: The 16-inch Bloem Dura Cotta Plant Saucer in Terra Cotta color, designed to collect water drainage from plant pots.

FEATURES

- **Durable Construction:** Made from high-quality, lightweight plastic for long-term use.
- **Deep Design:** Provides ample capacity to collect water drainage, preventing overflow.
- **Coordinating Colors:** Designed to complement Bloem Dura Cotta and Milano planters.
- **Versatile Use:** Suitable for both indoor and outdoor plant arrangements.
- **Made in the USA:** Manufactured with quality standards.

SETUP

1. **Select Appropriate Size:** Ensure the saucer's diameter is larger than the base of your plant pot to effectively catch all drainage. This model is 16-inch in diameter.
2. **Placement:** Position the saucer on a flat, stable surface where your plant will reside.
3. **Position Plant Pot:** Carefully place your plant pot directly onto the center of the saucer. Ensure the pot is stable and does not wobble.

OPERATING INSTRUCTIONS

The plant saucer operates passively by collecting water that drains from your plant pot after watering. No active steps are required during operation beyond regular monitoring.

- **Watering:** Water your plant as usual, allowing excess water to drain into the saucer.
- **Monitoring:** Periodically check the saucer for accumulated water.

MAINTENANCE

- **Empty Regularly:** To prevent root rot and insect breeding, empty any standing water from the saucer promptly after watering.
- **Cleaning:** Wipe the saucer with a damp cloth to remove soil and debris. For stubborn stains, use mild soap and water, then rinse thoroughly.
- **Inspection:** Periodically inspect the saucer for any cracks or damage that could compromise its water-holding capability. Replace if necessary.

TROUBLESHOOTING

- **Saucer Overflowing:**
 - Ensure the saucer size is appropriate for the pot's drainage volume.
 - Empty the saucer more frequently.
- **Saucer Instability:**
 - Place the saucer on a completely flat and level surface.
 - Ensure the plant pot is centered and its base fits securely within the saucer.

SPECIFICATIONS

Model Number	SDC16-46
Brand	Bloem
Material	Plastic

Color	Terra Cotta
Size	16 inches
Product Dimensions (L x W x H)	15.63 x 15.63 x 2.88 inches
