Flexite FL-15ACP

Flexite FL-15ACP 15X Magnification Mirror Instruction Manual

Model: FL-15ACP

INTRODUCTION

Thank you for choosing the Flexite FL-15ACP 15X Magnification Mirror. This compact, lighted, and adjustable mirror is designed to provide exceptional clarity for detailed tasks. Please read this manual thoroughly before use to ensure proper operation and maintenance.

Figure 1: Floxite FL-15ACP 15X Magnification Mirror (folded)

The Floxite FL-15ACP mirror is shown here in its compact, folded state, ideal for storage or travel.

SETUP

1. Unpacking and Initial Inspection

Carefully remove all components from the packaging. Verify that the following items are included:

- Floxite FL-15ACP 15X Magnification Mirror
- 2 AAA Batteries
- Instruction Manual

Inspect the mirror for any signs of damage. If any components are missing or damaged, please contact customer support.

2. Battery Installation

1. Locate the battery compartment on the base of the mirror.
2. Open the battery compartment cover.
3. Insert 2 AAA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Close the battery compartment cover securely.

3. Adjusting the Mirror for Use

The mirror features an adjustable arm for versatile positioning.

- **Compact Use:** Keep the arm folded for a compact handheld mirror.
- **Vanity Use:** Gently raise the adjustable arm to position the mirror upright on a flat surface, such as a vanity or desk. Adjust the angle as needed for optimal viewing.

Figure 2: Mirror in upright position for vanity use.

The mirror's adjustable arm allows it to be set up for hands-free use on a surface.

OPERATING INSTRUCTIONS

1. Powering On/Off the Light

The Floxite FL-15ACP mirror is equipped with two super bright bulbs for enhanced visibility.

- To turn the light **ON**, locate the power button (usually a small switch or touch sensor) on the mirror frame or base and press it.
- To turn the light **OFF**, press the power button again.

2. Using the 15X Magnification Mirror

The 15X magnification side of the mirror provides an extremely close-up view, ideal for detailed tasks such as applying makeup, tweezing, or inserting contact lenses.

- For best clarity and to avoid distortion, hold the 15X magnification mirror approximately 2-4 inches (5-10 cm) from your face.

- Slowly move the mirror closer or further away until you achieve optimal focus and clarity.

Figure 3: Applying makeup with the 15X magnification mirror.
The high magnification is beneficial for precise application of cosmetics.

MAINTENANCE

1. Cleaning the Mirror

To maintain optimal clarity, clean the mirror surfaces regularly.

- Use a soft, lint-free cloth and a non-abrasive glass cleaner.
- Spray the cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the electronics.
- Wipe the mirror surfaces gently.
- Avoid using harsh chemicals or abrasive materials, as these can scratch the mirror or damage the finish.

2. Battery Replacement

When the light begins to dim or stops working, it's time to replace the batteries.

1. Ensure the mirror light is turned off.
2. Open the battery compartment on the base.
3. Remove the old AAA batteries.
4. Insert new 2 AAA batteries, observing the correct polarity.
5. Close the battery compartment securely.

TROUBLESHOOTING

Common Issues and Solutions

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Light does not turn on.	Dead or incorrectly installed batteries.	Replace batteries or ensure correct polarity.
Light is dim.	Low battery power.	Replace batteries.
Mirror image is distorted.	Too close or too far from the 15X magnification side.	Adjust viewing distance to 2-4 inches (5-10 cm) for the 15X mirror.
Adjustable arm is loose.	Normal wear over time.	Ensure the arm is securely clicked into position. If persistent, contact support.

SPECIFICATIONS

- Brand:** Floxite
- Model:** FL-15ACP
- Magnification:** 15X
- Power Source:** 2 AAA batteries (included)
- Features:** Cordless, Lighted, Magnifying, Adjustable Arm
- Product Dimensions:** 9.6" L x 4.3" W
- Material:** Plastic (body), Glass (mirror frame)
- Color:** Blue
- Item Weight:** 5.6 ounces
