## 2. SETUP AND INITIAL INSPECTION

Upon receiving your ornament, carefully remove it from its packaging. Inspect the ornament for any signs of damage that may have occurred during transit. As this is a blown glass item, handle it with extreme care to prevent breakage.

1. **Unboxing:** Gently open the ornament box. Avoid using sharp objects that could scratch or damage the ornament or its packaging.

2. **Removal:** Carefully lift the ornament from its protective inserts. Hold it by the sturdy parts, avoiding delicate areas.
3. **Inspection:** Examine the entire surface for cracks, chips, or detached components. If any damage is found, refer to the Warranty & Support section.
4. **Hanging:** The ornament is equipped with a hanging loop. Use a sturdy hook or string suitable for ornaments to display it securely. Ensure the hanging location is stable and out of reach of pets or small children.

### 3. DISPLAY AND CARE

---

The Lionel 4501 Southern Mikado Steam Locomotive Keepsake Ornament is designed for decorative display. Follow these guidelines to ensure its beauty is maintained:

- **Placement:** Choose a display location that is stable and free from excessive vibrations or direct sunlight, which can fade colors over time. Avoid placing it near heat sources or in areas with extreme temperature fluctuations.
- **Security:** Ensure the ornament is securely hung or placed to prevent accidental falls.
- **Handling:** When moving or adjusting the ornament, always handle it gently and support its weight evenly. Avoid grasping delicate protrusions.

### 4. MAINTENANCE AND STORAGE

---

Proper maintenance and storage are crucial for preserving your glass ornament.

- **Cleaning:** To clean the ornament, gently wipe it with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or excessive moisture, as these can damage the finish or painted details.
- **Storage:** When not on display, store the ornament in its original packaging or a dedicated ornament storage box. Ensure it is cushioned to prevent movement and impact. Store in a cool, dry place away from direct sunlight and extreme temperatures.

### 5. TROUBLESHOOTING

---

This ornament is a decorative item and has no functional components that require troubleshooting. The primary concern is physical damage.

- **Accidental Breakage:** Due to its glass construction, the ornament is fragile. If it breaks, handle fragments with extreme caution to avoid injury. Dispose of broken glass safely.
- **Fading or Discoloration:** If the ornament shows signs of fading, it may be due to prolonged exposure to direct sunlight or harsh lighting. Relocate the ornament to a more suitable display area.
- **Loose Components:** If any small decorative parts become loose, they may be reattached using a small amount of clear, non-acidic craft adhesive, applied sparingly with a toothpick. Exercise caution to avoid damaging the ornament's finish.
