Oneida B750004C

Oneida Flatware Colonial Boston Tablespoons, Set of 4 Instruction Manual

Model: B750004C

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Oneida Colonial Boston Tablespoons. Designed for everyday dining, these tablespoons combine classic style with durable stainless steel construction.

PRODUCT OVERVIEW

The Oneida Colonial Boston Tablespoons set includes four (4) tablespoons. Each piece features a clean, unadorned design with a subtle concavity in the shank, reflecting a traditional aesthetic. They are crafted from 18/0 stainless steel, ensuring durability and resistance to rust.

SETUP

Before first use, wash all tablespoons thoroughly with warm water and a mild detergent. Rinse completely and dry immediately to prevent water spots. This initial cleaning removes any manufacturing residues and prepares the flatware for use.

OPERATING INSTRUCTIONS

These tablespoons are designed for general dining purposes, suitable for soups, cereals, desserts, and serving. Their balanced weight and ergonomic design ensure comfortable handling during meals.

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your Oneida Colonial Boston Tablespoons.

- **Dishwasher Safe:** These tablespoons are dishwasher safe. Load them with handles down in the dishwasher basket. Avoid overcrowding to allow for proper cleaning and rinsing.
- **Hand Washing:** For best results, especially after use with acidic foods, hand wash immediately. Use a soft cloth or sponge with mild soap and warm water.
- **Drying:** Always dry flatware immediately after washing, whether by hand or dishwasher, to prevent water spots and maintain its luster.
- **Avoid Harsh Cleaners:** Do not use abrasive cleaners, steel wool, or harsh chemicals, as these can scratch the finish.
- **Storage:** Store flatware in a dry environment. Consider using a flatware chest or drawer organizer to prevent scratching.

TROUBLESHOOTING

- **Water Spots:** If water spots appear, they are usually caused by minerals in the water. Re-wash and dry immediately, or use a rinse aid in your dishwasher.
- **Discoloration:** Exposure to certain foods (e.g., highly acidic foods, eggs) or prolonged contact with other metals can cause discoloration. Clean promptly and thoroughly.
- **Rust:** While designed to be rust-resistant, prolonged exposure to moisture or harsh chemicals can cause surface rust. This can often be removed with a non-abrasive stainless steel cleaner.

SPECIFICATIONS

Brand	Oneida
Model	B750004C
Material	18/0 Stainless Steel
Number of Pieces	4 Tablespoons
Color	Silver
Care Instructions	Dishwasher Safe
Special Features	Corrosion Resistant, Durable, Rust Resistant
