### Mazda Mazda 5

# Mazda 5 2009 Owner's Manual

Your comprehensive guide to operating and maintaining your 2009 Mazda 5.

## Introduction

This owner's manual provides detailed information about the operation, features, and maintenance of your 2009 Mazda 5. To ensure safe and optimal performance, please read this manual thoroughly and keep it in your vehicle for future reference. Familiarizing yourself with the contents will help you understand your vehicle's capabilities and ensure its longevity.

# Vehicle Setup and Initial Familiarization

Before driving your Mazda 5, it is important to familiarize yourself with its basic controls and settings. This section covers initial adjustments and key components.

## Seat and Steering Wheel Adjustment

- **Seat Position:** Adjust the seat forward or backward, and the seatback angle, to achieve a comfortable and safe driving position. Ensure you can fully depress the pedals and have a clear view of the road and instruments.
- **Steering Wheel:** Adjust the steering wheel for height and reach to ensure a comfortable grip and clear view of the instrument cluster.

## Mirror Adjustment

- **Rearview Mirror:** Adjust the interior rearview mirror to see directly behind your vehicle.
- **Side Mirrors:** Adjust exterior side mirrors to minimize blind spots.

# Operating Your Mazda 5

This section details the operation of various vehicle systems and features.

## Starting and Stopping the Engine

1. Ensure the parking brake is engaged.
2. For automatic transmissions, place the shift lever in 'P' (Park) or 'N' (Neutral). For manual transmissions, place the shift lever in neutral and depress the clutch pedal.
3. Insert the key into the ignition switch and turn it to the 'START' position. Release the key once the engine starts.
4. To stop the engine, turn the key to the 'OFF' position.

## Climate Control System

Your Mazda 5 is equipped with a climate control system to maintain a comfortable cabin temperature. Use the temperature dial to set the desired temperature, the fan speed control to adjust airflow, and the mode selector to direct air to specific vents (e.g., face, feet, defrost).

## Audio System

Refer to the dedicated section in your physical manual for detailed instructions on operating the radio, CD player, and auxiliary input features. Basic controls include power on/off, volume adjustment, station tuning, and source selection.

# Maintenance

Regular maintenance is crucial for the performance, safety, and longevity of your Mazda 5. Follow the recommended service schedule outlined in your manual.

## Fluid Checks

- **Engine Oil:** Check oil level regularly using the dipstick. Add oil if necessary, ensuring it meets Mazda specifications.
- **Coolant:** Verify coolant level in the reservoir when the engine is cool.

- **Brake Fluid:** Check the brake fluid level in the reservoir. Low levels may indicate a problem.
- **Windshield Washer Fluid:** Keep the reservoir filled for clear visibility.

### Tire Care

- **Tire Pressure:** Check tire pressure monthly, including the spare. Refer to the placard on the driver's side door jamb for recommended pressures.
- **Tire Rotation:** Rotate tires according to the maintenance schedule to ensure even wear.
- **Tread Depth:** Inspect tire tread for wear indicators. Replace tires when tread depth is insufficient.

### Scheduled Maintenance

Adhere to the maintenance schedule provided in your official Mazda 5 owner's manual. This includes regular inspections, oil changes, filter replacements, and other services performed by qualified technicians.

## Troubleshooting Common Issues

This section provides guidance for common issues you might encounter with your Mazda 5.

### Engine Will Not Start

- **Battery:** Check battery terminals for corrosion and ensure they are tight. If the battery is dead, jump-start the vehicle or replace the battery.
- **Fuel:** Ensure there is sufficient fuel in the tank.
- **Immobilizer:** If the security indicator light flashes rapidly, there might be an issue with the immobilizer system. Try using a different key.

### Warning Lights Illuminated

If a warning light illuminates on your dashboard, consult your full owner's manual for specific details and recommended actions. Common warning lights include:

- **Check Engine Light:** Indicates a potential issue with the engine or emissions system.
- **Oil Pressure Warning:** Indicates low engine oil pressure. Stop the vehicle safely and check oil level.
- **Brake System Warning:** Indicates a problem with the braking system. Drive with caution or do not drive if the light is red.

## Specifications

Key specifications for the 2009 Mazda 5. Please note that exact specifications may vary by trim level and region. Refer to your official manual for precise details.

| Category | Detail |
|---|---|
| Engine Type | 2.3L DOHC 16-valve 4-cylinder (typical) |
| Fuel Tank Capacity | Approximately 60 liters (15.9 US gallons) |
| Seating Capacity | 6 passengers |
| Transmission | 5-speed manual or 5-speed automatic (available) |

# Warranty Information

Your 2009 Mazda 5 comes with a limited warranty. For complete details regarding coverage, terms, and conditions, please refer to the separate Warranty Information booklet provided with your vehicle. This booklet contains crucial information about your vehicle's warranty period, what is covered, and any exclusions.

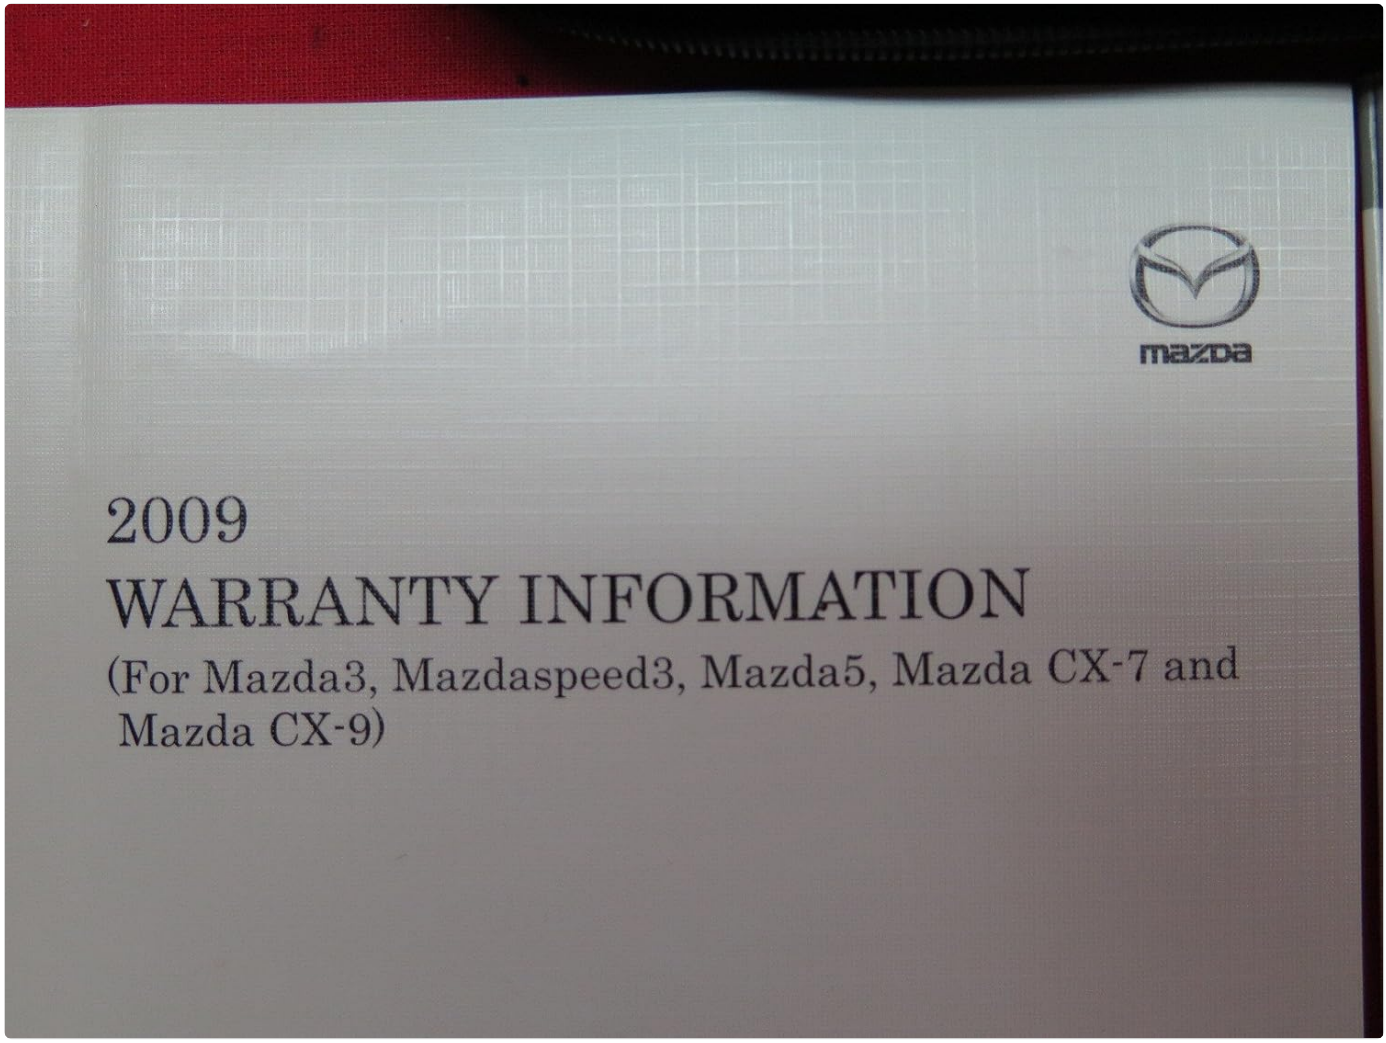

*Image: A page from the warranty information booklet, indicating "2009 WARRANTY INFORMATION" for various Mazda models.*

It is recommended to keep all warranty documents in a safe place, preferably within the vehicle's glove compartment, along with the owner's manual.

*Image: A black pouch with the Mazda logo, typically used to store the owner's manual and other vehicle documents.*

## Support and Further Assistance

If you require further assistance or have questions not covered in this manual, please contact your authorized Mazda dealer. They are equipped with the knowledge and tools to provide expert service and support for your vehicle.
You may also find additional resources and information on the official Mazda website for your region. Keep your vehicle's VIN (Vehicle Identification Number) handy when contacting support.
