1. INTRODUCTION

This manual provides essential information for the safe and proper use of your BANDAI Hyakujuu Sentai Gaoranger Gaosilver Action Figure. Please read it thoroughly before use and retain it for future reference. This product is designed for collectors and enthusiasts of the Hyakujuu Sentai Gaoranger series.

2. PRODUCT OVERVIEW

The Gaosilver action figure is a detailed collectible from the Hyakujuu Sentai Gaoranger series. It features articulation for various poses and is designed for display and light play. The figure depicts Gaosilver in his signature blue, silver, and gold armor, with a wolf-themed helmet and a weapon.

Figure 2.1: Front view of the Gaosilver action figure. The figure stands upright, showcasing its detailed armor and weapon.

Figure 2.2: Back view of the Gaosilver action figure. This angle displays the rear design of the armor and the weapon sheath.

3. SETUP

1. **Unboxing:** Carefully remove the Gaosilver action figure from its packaging. Ensure all components, including any accessories, are present.
2. **Inspection:** Inspect the figure for any visible damage or manufacturing defects. If any issues are found, refer to the Warranty & Support section.
3. **Assembly:** The Gaosilver action figure comes pre-assembled. No batteries or additional assembly are required for basic use.

4. OPERATING THE FIGURE

The figure features multiple points of articulation, allowing for dynamic posing. Follow these guidelines for optimal use:

- **Posing:** Gently move the joints at the shoulders, elbows, hips, and knees to position the figure as desired. The head may also have articulation.
- **Accessory Use:** If the figure includes a detachable weapon, carefully insert it into the designated hand or holster. Ensure it is securely fitted.
- **Caution:** Avoid excessive force when moving joints or attaching accessories to prevent damage to the figure's plastic or articulation points.

5. MAINTENANCE

Proper care will help maintain the condition and longevity of your action figure.

- **Cleaning:** To clean the figure, wipe it gently with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals, abrasive cleaners, or immerse the figure in water.
- **Storage:** Store the figure away from direct sunlight, extreme temperatures, and high humidity to preserve its color and material integrity. Keep it in a clean, dust-free environment.
- **Handling:** Handle the figure by its main body parts rather than small, delicate accessories or limbs to prevent accidental breakage.

6. TROUBLESHOOTING

This section addresses common minor issues you might encounter.

- **Stiff Joints:** If a joint feels stiff, gently try to move it. Do not force it, as this may cause breakage. Applying a very small amount of silicone lubricant (specifically designed for plastics) might help, but proceed with caution.
- **Loose Parts:** If a part becomes loose, check if it is designed to be detachable and reattach it carefully. For parts that are not meant to be detachable but have come loose, contact customer support.
- **Paint Transfer/Scratches:** Minor paint transfer or scratches can sometimes occur with handling. These are generally cosmetic and do not affect the figure's functionality.
