The objective of the GOULA Fruit Tower is to stack the fruit pieces and boards without causing the tower to collapse.

Game Play:

1. Players take turns rolling the wooden dice.
2. The dice features images of different fruits. After rolling, the player must identify the fruit shown on the top face of

the dice.

3. The player then selects a wooden fruit piece that matches the fruit shown on the dice.
4. Carefully place the selected fruit piece onto the tower. The goal is to stack the pieces and boards in a stable manner.
5. Continue taking turns, rolling the dice and adding fruit pieces to the tower.
6. The game continues until a player causes the tower to fall.
