Peg Perego Aria

Peg Perego Aria Lightweight Stroller User Manual

Model: Aria
Brand: Peg Perego

1. INTRODUCTION

The Peg Perego Aria is a lightweight, full-featured convenience stroller designed for ease of use and portability. It offers a compact one-hand, one-step fold, making it ideal for parents on the go. This manual provides essential information for the safe and proper assembly, operation, and maintenance of your Aria stroller.

Key features include a 5-point freedom of movement harness, a spacious storage basket, a removable child's tray, an adjustable ratcheting hood, a multi-position backrest, all-wheel suspension, swivel front wheels, and rear wheel brakes. The upholstery is removable and hand-washable for easy cleaning. The stroller is JPMA safety certified and designed in Italy.

2. SAFETY INFORMATION

Your child's safety is paramount. Please read and understand all instructions before using the stroller. Failure to follow these instructions could result in serious injury.

- **WARNING:** Never leave child unattended in the stroller.
- Always use the restraint system. Ensure the 5-point harness is properly secured and adjusted to fit your child snugly.
- Do not overload the storage basket or hang bags on the handle, as this can cause the stroller to become unstable and tip over.
- Ensure all locking devices are engaged before placing the child in the stroller.
- Do not use the stroller on stairs or escalators.
- Avoid placing hot liquids or heavy objects in the cup holder or child's tray.
- This stroller is designed for one child only.
- Keep fingers clear of moving parts when folding or unfolding the stroller.
- The stroller is JPMA safety certified, indicating it meets specific safety standards.

3. COMPONENTS OVERVIEW

Familiarize yourself with the main components of your Peg Perego Aria stroller:

- **Frame:** The main structure of the stroller.

- **Seat Unit:** Where the child sits, with multi-position recline.
- **5-Point Harness:** Adjustable straps to secure the child.
- **Canopy:** Large, adjustable hood for sun protection.
- **Child's Tray:** Front tray for snacks or toys, can be opened or removed.
- **Storage Basket:** Spacious basket located under the seat.
- **Wheels:** All-wheel suspension with swivel front wheels and rear wheels with brakes.
- **Handle:** For pushing and carrying when folded.
- **Car Seat Anchors:** Retractable anchors for attaching a matching Peg-Perego car seat (sold separately).

Figure 1: Placeholder image for the Peg Perego Aria Lightweight Stroller. This image typically shows the full stroller, highlighting its compact design and key features.

4. SETUP AND ASSEMBLY

4.1 Unfolding the Stroller

1. Ensure the stroller is on a flat, stable surface.
2. Locate the one-hand release mechanism (specific location may vary, refer to visual guides if available).
3. With one hand, activate the release and lift the handle to unfold the stroller until it locks into the open position. You should hear an audible click.
4. Verify that all frame locks are securely engaged before use.

4.2 Attaching the Child's Tray

- Align the tray's connectors with the corresponding slots on the stroller frame.
- Press firmly until the tray clicks into place.
- To open or remove the tray, press the release buttons on either side and swing it open or lift it off.

4.3 Travel System Compatibility

The Aria stroller features retractable car seat anchors designed to instantly attach a matching Peg-Perego car seat (sold separately). Consult your Peg-Perego car seat manual for specific attachment instructions.

5. OPERATING INSTRUCTIONS

5.1 Securing Your Child (5-Point Harness)

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their hips.
3. Insert the buckle prongs into the central buckle until they click securely.
4. Adjust the straps to ensure a snug fit, leaving no more than one finger's width between the strap and your child's body. The "freedom of movement" design allows for comfort while maintaining security.
5. To release, press the button on the central buckle.

5.2 Adjusting the Seat Backrest

The Aria stroller features a multi-position backrest. Locate the recline mechanism (typically a lever or strap behind the seat) and adjust the seat to the desired angle. Ensure the seat is securely locked in position before use.

5.3 Adjusting the Canopy

The large, ratcheting hood can be adjusted forward or backward to provide optimal shade and protection for your child. Simply push or pull the canopy to the desired position.

5.4 Engaging the Brakes

To engage the rear wheel brakes, press down firmly on the brake levers located near the rear wheels until the stroller is stationary. Always engage the brakes when the stroller is parked or when placing/removing your child.

5.5 Folding the Stroller

1. Ensure the child is removed from the stroller and the storage basket is empty.
2. Locate the one-hand fold mechanism (often on the handle or side of the frame).
3. Activate the mechanism and guide the stroller to fold inward until it latches into its compact, folded position.
4. The integrated handle allows for easy carrying once folded.

6. MAINTENANCE

6.1 Cleaning the Upholstery

The stroller's upholstery is removable and hand-washable. Follow these steps:

1. Carefully remove the fabric upholstery from the frame.
2. Hand wash with mild soap and cold water. Do not use bleach or harsh detergents.
3. Rinse thoroughly and air dry completely before reattaching to the stroller frame. Do not machine wash or tumble dry.

6.2 General Care

- Regularly inspect the stroller for loose parts, damaged components, or worn fabric.
- Clean the frame and plastic parts with a damp cloth and mild soap.
- Keep wheels free of dirt and debris. Periodically check wheel axles for smooth rotation.
- Store the stroller in a dry place, away from direct sunlight and extreme temperatures, to prevent material degradation.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your Aria stroller. If you experience problems not listed here, please contact customer support.

Problem	Possible Cause	Solution
Stroller does not unfold or fold easily.	Locking mechanisms are not fully disengaged/engaged; debris in folding mechanism.	Ensure all locks are released. Check for and remove any obstructions in the folding joints. Apply a silicone-based lubricant if necessary.
Wheels are stiff or squeaky.	Dirt or debris in wheel axles; lack of lubrication.	Clean wheels and axles thoroughly. Apply a small amount of silicone spray to the axles.
Harness is difficult to buckle or unbuckle.	Debris in buckle; misaligned prongs.	Inspect the buckle for any foreign objects and remove them. Ensure prongs are inserted correctly.

Problem	Possible Cause	Solution
Stroller feels unstable.	Not fully unfolded and locked; overloaded basket/handle.	Ensure the stroller frame is fully extended and all locks are engaged. Do not exceed recommended weight limits for the basket or handle.

8. SPECIFICATIONS

- **Brand:** Peg Perego
- **Model:** Aria
- **ASIN:** B001IDZPHQ
- **Harness Type:** 5 Point Freedom of Movement Harness
- **Fold Type:** One-Hand, One-Step Compact Fold
