TROUBLESHOOTING

Common Concerns

- **Product not dispensing:** Ensure the dial at the base is turned sufficiently to raise the gel. If the product is new, a few turns may be needed to prime it.
- **Feeling sticky after application:** Allow adequate time for the gel to dry completely on the skin before dressing. This product is designed to dry clear and non-sticky.
- **Reduced effectiveness:** For optimal 48-hour protection, apply daily to clean, dry underarms. Factors like intense physical activity or extreme heat may require reapplication.
- **Skin irritation:** If irritation or rash occurs, discontinue use immediately. Consult a healthcare professional if symptoms persist.
