Gillette Venus ComfortGlide Razor for Women - Instruction Manual

Model: 47400300415 | Brand: Gillette Venus

1. PRODUCT OVERVIEW

The Gillette Venus ComfortGlide Razor for Women is designed for a smooth and comfortable shaving experience. It features built-in White Tea scented gel bars that lather and shave in one stroke, eliminating the need for separate shave gel. The razor includes 3 blades for a close shave and a lubricating strip to help protect against irritation. The ergonomic handle provides a no-slip grip, and the system is compatible with any Venus refill blade cartridge (except Simply Venus and Venus for Pubic Hair and Skin).

2. SAFETY INFORMATION

This product is designed for external use only. Keep out of reach of children. Avoid touching the blades directly to prevent cuts. If irritation occurs, discontinue use. Store the razor in a dry place to maintain hygiene and blade integrity.

3. SETUP

Attaching a New Cartridge

1. Remove the new blade cartridge from its packaging.
2. Align the cartridge with the razor handle.
3. Press the handle firmly into the cartridge until you hear a click, indicating it is securely attached.

4. OPERATING INSTRUCTIONS

Shaving Process

1. Wet your skin thoroughly with water.
2. Glide the razor gently over your skin. The built-in gel bars will create a lather as you shave, eliminating the need for separate shave gel.
3. Rinse the razor head frequently under running water during shaving to clear away hair and product residue.
4. After shaving, rinse your skin and pat dry.

5. MAINTENANCE

Changing Cartridges

Change cartridges when the shave gel bars wear down or the blades begin to feel dull. To remove a used cartridge, press the release button on the back of the razor head or firmly pull the cartridge away from the handle.

Cleaning and Storage

For best results and to prolong the life of your razor, hang it on the provided shower hook to dry between uses. This helps keep the razor clean and hygienic.

6. TROUBLESHOOTING

Dull Blades or Worn Gel Bars

- **Issue:** Razor blades feel dull or the gel bars have significantly diminished.
- **Solution:** Replace the blade cartridge with a new one. For optimal performance, it is recommended to change cartridges when the gel bars are worn or blades feel dull.
