## BlenderBottle BB06

# BlenderBottle Classic 28-Ounce Shaker Bottle Instruction Manual

Model: BB06

Brand: BlenderBottle

## PRODUCT OVERVIEW

---

The BlenderBottle Classic is a versatile shaker bottle designed for mixing various beverages, including protein shakes, smoothies, and more. This first-generation model features a secure screw-on lid, a wide mouth for easy ingredient addition, and embossed markings for precise measurements. It is constructed from durable, BPA- and phthalate-free materials, ensuring safe and reliable use.

A clear BlenderBottle Classic shaker bottle with a black lid, showcasing its simple design.

## Key Features:

- 28-ounce capacity (measurements up to 20 ounces)
- Patented mixing system with 316 surgical-grade stainless steel BlenderBall whisk
- Secure screw-on lid and flip cap for leak-proof seal
- Wide mouth for easy mixing and cleaning
- BPA- and phthalate-free construction

## SETUP INSTRUCTIONS

---

Before using your BlenderBottle Classic for the first time, it is recommended to wash all components thoroughly.

### Components:

- Bottle
- Lid with flip cap
- BlenderBall wire whisk

Close-up of the BlenderBall wire whisk, made of 316 surgical-grade stainless steel, designed to mix ingredients smoothly.

## OPERATING INSTRUCTIONS

---

### Mixing Beverages:

1. **Add Liquids:** Pour your desired liquid (water, milk, juice, etc.) into the BlenderBottle.
2. **Add Ingredients:** Add your protein powder, supplement mix, or other ingredients.
3. **Insert BlenderBall:** Drop the BlenderBall wire whisk into the bottle.
4. **Secure Lid:** Screw the lid onto the bottle until it is tightly sealed. Ensure the flip cap is pressed down firmly until you hear a click, indicating it is securely closed.
5. **Shake:** Hold the bottle firmly and shake vigorously for 10-20 seconds, or until the contents are thoroughly mixed and smooth.

## CARE AND MAINTENANCE

---

## Cleaning:

The BlenderBottle Classic is designed for easy cleaning. All components are dishwasher safe and should be placed on the top rack. For optimal longevity and to prevent potential warping, hand washing is also recommended.

- **Dishwasher:** Place the bottle, lid, and BlenderBall on the top rack of your dishwasher.
- **Hand Wash:** Wash all components with warm, soapy water. Use a bottle brush for thorough cleaning of the interior. Rinse all parts thoroughly with clean water.

## Storage:

To prevent odors and ensure proper drying, store the bottle with the lid and flip cap open, allowing for air circulation.

## TROUBLESHOOTING

---

### Leaking:

- Ensure the lid is securely screwed onto the bottle, aligning the threads properly.
- Verify that the flip cap is pressed down firmly until it clicks into a sealed position.
- Check the lid's seal and the bottle rim for any debris, cracks, or damage that might compromise the seal.

### Poor Mixing:

- Confirm that the BlenderBall wire whisk is inside the bottle during the mixing process.
- Shake the bottle vigorously for a sufficient duration to ensure all powders are fully dissolved and integrated.

### Odor Retention:

- Wash the bottle and all components immediately after each use to prevent residue buildup.
- For persistent odors, soak the components in a mixture of baking soda and water for several hours or overnight, then wash thoroughly.

## PRODUCT SPECIFICATIONS

---

Feature	Detail
Capacity	28-Ounce (measurements up to 20 ounces)
Material	BPA- and Phthalate-Free Plastic
Whisk Material	316 Surgical-Grade Stainless Steel
Dimensions (W x H)	3.75" x 8.5"
